# Drugs Uncovered

On Sunday evening, January 9th, Antioch Police, with assistance from elements of other police agencies and the States Attorneys Office, conducted a raid at 626 North Avenue in search of a suspected drug cache.

In the ensuing raid a huge number of assorted pills and various paraphernalia including several pipes, a hypodermic syringe and needles, several marijuana "joints" and the remains of a 16 guage shotgun were uncovered and five persons were detained and subsequently charged with various offenses regarding the alleged possession of dangerous drugs.

### A TIP

The raid originated from a tip by a local resident that they had "information concerning narcotics use" at the above address.

Antioch Police Sgt. Elmer Pett explained that they received many such "tips" but for lack of public cooperation the investigations had been of no help.

When the informant stated that they would cooperate fully, Sgt. Pett made contact with Dudley E. Owens of the States Attorneys Office and was advised to get more information and verify the complaint.

### FULL COOPERATION

When surveillance of the area proved fruitless, law enforcement officers re-contacted the informant, at which time they received additional information from yet another source, that the alleged drug use was now in progress and that there would be full cooperation.

Owens was then contacted and when it was learned that the papers necessary for the raid were completed, the officers picked them up and returned to Antioch.

Upon returning to the station officers from Antioch, Lake County, Lake Villa and a state trooper were present and agreed to assist.

The raid was then planned and conducted.

When the officers were admitted at the address, all present were advised of their

rights and the search for the reported drugs was undertaken.

### BEDROOM CACHE

While examining an upstairs bedroom police officers discovered a plastic box containing a black residue and an inhaler with 24 small white pills, between the mattress and springs.

Inside a pillowcase they uncovered a cigarette that was filled with marijuana. Also, under a bed was found a packet of gummed cigarette papers and a jar of burnt syrup type liquid which has not yet been identified.

In a nearby desk, a vial containing a dozen blue pills, were found hidden in a kleenex box.

A search of the living room produced 40-50 white pills taken from the jacket of one of the purported defendants as well as six clear plastic bags, each containing 80 to 100 pills.

On a desk under a stairway was found an aspirin box with 18 small white pills; two pill bottles containing 3 orange, oval and 9 large white pills, plus a portion of one small white tablet.

Also on or in the desk were two bottles with 30 white pills and 9 green pills inside.

Near the desk police uncovered yet another stockpile of drugs inside three purses, alleged to belong to one of the

## Allege Police Brutality

Serious charges have arisen concerning an Antioch youth, Ronald Hopper 17, of Rte 4, who charges that he was beaten while handcuffed following a high speed chase of the car in which he was a passenger.

According to Hopper, the car he was riding in was about to be flagged down by police when the driver, Wayne T. Zoll, 17 of Rte 1, Antioch sped away to avoid being stopped.

Following a chase down Rte 59 at speeds reaching 109 m.p.h. the driver, Zoll, stopped the car near Grass Lake road and bolted for his home nearby

Con't. on Page 2

Pictured above is a small sample of articles taken from narcotics raid carried out Sunday evening. At center are containers of pills; immediately below flanking the pills are a water pipe (left) and hashish pipe; at bottom left hand corner are hypodermic syringe and plastic needle holders and at top are remains of suspected sawed-off shotgun. (staff photo)

## Mayor Takes Issue With Plan Commission

Rumors have been circulating during this last week that the Village Plan Commission, while it has issued no official verdict, is currently unfavorable toward the annexation of the Antioch Country Club.

The Plan Commission is an advisory group and makes recommendations to the Village Board regarding current and future Village planning. It has no binding power in its decisions, but few can remember a project it opposed that was later adopted by the Board.

Mayor Ray Toft was approached and queried on this topic. "I certainly hope this isn't true," he stated. "If it is they're making a bad mistake."

"A development, the size of the Country Club (approximately 4,000 when completed) would mean that

Antioch could be a bigger, better town."

thinking," the mayor said. "They are willing to pay their own way, build adequate sewage treatment facilities, a firehouse, and will of course bring revenue into the Village."

With all the growth that the area is experiencing, Antioch is "square in the path of it," Toft related.

"They (the owner, Joseph Santino) are quite willing to go with the county, but they approached us first."

Apparently there is no need for the development to care whether they are absorbed into the village or become a ward of the county, because they hold the trump card: future revenue.

Toft continued, "with Fox Lake, Lindenhurst, and other communities growing toward us, there is the chance that available land for growth and development could be gobbled

Con't On Page 2

"I just can't see their

## Police Dept. Solves Manpower Shortage

The Antioch Police Department has solved its manpower shortage created by the resignation of former patrolman Raymond H. Engel. Although not officially announced, the department, with the approval of the Police Committee and concurrence of Mayor Toft, has accepted the application of Gerald N. Hannum. In all five applicants were considered.

Hannum is currently the Police Chief in Lake Villa. He has been taken on to work the swing shift.

According to police sources, his effectiveness at Lake Villa will not be minimized. The Lake Villa Department is currently dispatched through the radio equipment of the Antioch Police.

Hannum has been chief at Lake Villa since 1968. He has impressive police credentials having attended five special police schools.

In addition, he is an excellent fingerprint man and can develop and enlarge photographs.

## SPRING SET FOR PLANT ENLARGEMENT

The Village Sewage treatment plant which has drawn fire from the Environmental Protection Agency because it has reached its operating capacity, is planning a major enlargement this spring.

The plant, which when operating at maximum output can accommodate the needs of 5,000 people will have its capacity raised by 7,500 to nearly 13,000.

Pricetag for the project would be nearly \$500,000, but Village officials believe there will be no need for a referendum. According to

sources the improvement could be financed by federal and state grants, plus money that the Village has set aside from related fees to pay for such construction.

The planned improvement would handle anticipated Village growth for years to come and would more than satisfy the requirements of the Environmental Protection Agency.

An adequate and extensive sewage treatment facility is also considered one of the prime drawing cards for growth.

### Toft Takes Issue Con't From Page 1

up and leave us in the position of another nearby village which has the potential, but not the land to grow. We would be condemned to merely build up and not spread out."

Toft put the finger on a group of local men who wanted to keep Antioch a small, quiet village. "I'd be for that, if it were in the cards, but it isn't," he added.

"Progress is coming, and unless you go along with it, it will go over you."

The Village Board is by no means compelled to accept the recommendation of the Plan Commission, but if it were put to the test, there is doubt that the group would ignore the trend of passing years and overrule or act against the Commission's recommendations.

Opposition to the development has surfaced at other quarters of the Village, but dealt mainly with the issue of schools.

"If the Village doesn't annex the development," the Mayor stated, "then the development would come to us." And not as an appendage but as a competitor.

"If the village is to grow in a proper way, and not become a mess, like Round Lake and its suburbs, we must have control and so plan for the future, realistically and sensibly.

## Tragedy Strikes John Moulis Family

Tragedy struck the home of John Moulis, Johnsburg on Saturday as an early morning fire gutted his home and caused the fatality of a nephew 8, who was visiting.

The fire, of unknown causes, broke out at approximately 5:00 a.m. and was first noticed by police patrolling the area. The police, in turn, contacted the fire department which dispatched

vehicles immediately.

Despite the heroic efforts of Moulis and firemen a nephew who was staying overnight could not be reached because of the flames and apparently died of smoke inhalation.

Moulis, owner of Fox Lake Harbor Marine and popular racer in area snowmobile races had recently been cooperating on a story with this paper.

(Editors Note: The story mentioned above appears on Page 1)

## Rash of Burglaries Infects Village

A series of break-ins and burglaries, which unfolded the week after the New Year has police mystified and local merchants apprehensive.

Using the same approximate technique to gain entrance, the burglar or burglars have, at this point, caused some minor damage with little results.

On the night of Monday, January 3rd, Lyons-Ryan Ford, on Rte. 173 had an unwelcome shopper who pried open the trunk of a new car and stole a spare tire valued at \$35.

Tuesday, January 4th, was a busy night for the would-be burglar as he, she or them went on a spree that included visits to Polson's Health Foods, Seemann's Cleaners, A & B Printing, the Dewey and the Masonic Lodge.

Apparently, the inexperienced burglars were

frightened off when an alarm sounded.

Their total "haul" for the evening's work was a single dollar taken from the register at Polson's. The thieves had ignored expensive office equipment and other valuable items.

In what could be a connected incident, the offices of Cornelius Realty were entered on the night of the 5th, but only three cigarette lighters, valued at less than \$20 were taken.

All the break-ins, except at Cornelius's, had been accomplished in nearly the same manner; by breaking glass panes near the rear entrances and reaching through the broken windows to open locks.

While no official statement has been made, all evidence points to the fact that these crimes may have been the work of the same person or persons, probably youths.

### Police Brutality Con't. From Page 1

to escape capture.

At this point Officer Harold Mason apprehended Hopper, handcuffed him and left him with officers from Fox Lake and the Lake County Sheriffs Police who had answered the mutual aid call.

As Mason returned from searching the car he found Hopper lying on the ground with the officers handcuffs off and his face beaten.

Since there was no one else at the scene of Mason's return but police officers, Antioch Chief, Jack Davis felt that "it would appear one of them had done the beating."

According to Jane Hopper, the boy's mother, "The Antioch Police threw my son in a cell after midnight and I wasn't called until after 5 a.m."

When this newspaper contacted Chief Jack Davis for information regarding the incident, a different tale emerged.

According to Davis "following the incident, Hopper was brought to the station at 12:20, booked, ticketed and had fingerprints and mug shots taken, because we had no conclusive proof

that there was another person involved."

"During this time" Davis said, "Hopper was asked by night dispatcher Palm if he wished to go to the Antioch Clinic to be checked over, at which time he refused."

"It was not until 3:40 a.m. that Hopper informed us of the identity of the driver."

Davis said that Hopper called Zoll at this time and informed him that he was in trouble and that Zoll should come in.

Police informed Zoll that if he did not come to the station a warrant would be issued for his arrest.

Chief Jack Davis told this newspaper that Hopper had been informed of his rights to make a phone call, but had demurred to this point.

When Zoll appeared at the station, he admitted his guilt and cleared Hopper. At this time Antioch Police dropped charges against Hopper and wrote out new tickets for Zoll.

It was not until this matter had been cleared up that Hopper made a call to summon his parents, contrary to statements which appeared in the Waukegan News-Sun (1-10-72).

There remains yet, two questions unanswered:

Who is the party responsible for the beating of Hopper? This beating DID occur, of that there is no doubt.

What area of responsibility will Harold Mason have to assume, since he was the arresting officer and present at the scene of the alleged "police brutality," while not directly involved.

## The Cross Roads

All too often we assume that growth and progress are one in the same thing. Growth at heart in this area and this community is a fact of life. We are going to grow and nothing or no one can stop it. Now as to progress, that is another story. Progress is not sometime that just happens, but is sometime that is planned for and worked towards.

Now at the present time Antioch is at a crossroad. We have growth and we are going to have more in the very near future. Now whether this growth will be turned into progress is as yet a question.

At the present time we have this question before the Planning Commission on whether or not to recommend annexation of the area around the Antioch Country Club development. At present a majority of this group seem to be somewhat opposed to the move for annexation. This would be a mistake. Whether or not the town of Antioch annexes this move will have no effect on the growth ratio, but it will mean we will have no control on how the growth takes place and so no progress for Antioch.

We have nothing to fear from such developments, if we see to it that they develop by OUR ground rules and make the growth that is to come, become part of a well planned community.

If our city planners stick their heads in the sand and do not recommend annexation for the questioned area, and say in effect if we forget this it will go away and we can retain Antioch just as it was "in the good old days."

Antioch is at a cross roads, the growth is here. Whether or not this growth will mean progress or spell the end of Antioch as we know it, depends clearly on how well such groups as the Planning Commission, Zoning Board and the Village Trustees work for a well-planned growth that will mean progress to our community.

### FUTURE CREATIVITY IS ESSENTIAL

Space scientist Dr. Wernher von Braun has expressed well-founded concern over the hostility that is growing in this country toward science and technology.

He said that those most vocal are the very ones professing the greatest concern about poverty, poor housing, hunger and the quality of the environment. These problems of society depend upon our technological capabilities and increased productivity for their solutions.

"There is, unfortunately, no visible link between scientific discovery on the moon and our lives here on earth. Yet there are concepts and knowledge coming out of the Apollo explorations, and experiments with the rocks and moon dust, that offer the potential of improving agriculture and the treatment of disease, and may even help us locate mineral resources here on earth or predict earthquakes," he explained.

Most concepts and scientific knowledge take years from the time a scientist formulates them until they become full-fledged job-creating projects. By then it has been forgotten that it was the scientist who started it in the first place.

While the anti-technology people are demanding that we pull the plug on modern civilization in the belief that somehow we shall be better off in a more primitive state, many older and nearly all of the emerging nations would give their eye-teeth for a fraction of our technological capabilities.

Our problems cannot be solved by the "return-to-nature cult." The desire and the need to know is more important than they understand.

### NEW FEDERAL REGULATION

#### FOR LIVESTOCK FEEDERS

Illinois livestock feeders were reminded today that a new federal regulation is in effect for those cattle and sheep which have been fed diethylstilbestrol (DES), a synthetic growth promoting hormone used in livestock feed.

The new regulation, which became effective January 8, makes it mandatory for all meat sold for human consumption to be certified free of any DES residues, according to Gray O. Daly, vice president and general manager of Interstate Producers Livestock Association, Peoria, the nation's largest cooperative livestock marketing association. IPLA is an affiliate of Farm Bureaus of Illinois, Iowa, and Missouri.

Daly encouraged all livestock farmers to become familiar with the federal regulation so as to avoid possible market price discounts

for slaughter animals which do not comply with the regulation.

Under the new program, federal meat inspectors will hold all cattle and sheep from slaughter at least seven days unless the animals are certified as not having been fed DES, or as having been withdrawn from feed containing DES at least seven days before slaughter.

The new program provides three alternatives for handling cattle and sheep at slaughter: (1) The animals may be slaughtered if certification requirements have been met, or (2) the animals will be held alive for the required seven days, or (3) the animals could be slaughtered with tissue samples sent to an approved laboratory for testing and the meat from those animals could not be sold until tests prove it is free of DES residues.

If you want to be original, be yourself. God never made two people exactly alike.—  
Lee R. Call, Star Valley (Wyo.) Call.

## Mrs. Nelson To Celebrate 90th Year

Tuesday, January 18th will mark the 90th celebration of the birth of Mrs. Effie Nelson. The lifelong Antioch resident will spend the day quietly with her immediate family.

Mrs. Nelson, who was born in 1882, is still active in several clubs and does most of her own housework. Friends say they are "amazed at her attitude." She is witty, optimistic and "gets a lot out of life."

Mrs. Nelson is a member of the Antioch United Methodist Church and it's auxiliary. She is also a charter member of the local Royal Neighbors of America Lodge, Camp Olson No. 459 and still attends many of the organizations meetings. She has held most of the elected offices in the club and loves the opportunity to get out with friends. She has been termed a "shrewd card player" by members of the three card clubs she belongs to.

Her daughter, Mrs. Joseph Horton, said that Mrs. Nelson "lives each day as it comes" and feels that "tomorrow will take care of itself."

Mrs. Nelson was married to Nels L. Nelson, who passed away on December 27, 1936. She gave birth to two children: Mrs. Horton and a son, Lester Nelson who died on October 29th, 1970. She has five grandchildren, fifteen great

grandchildren and three great, great grandchildren.

Mrs. Nelson who has enjoyed unusually good health all her life, loves to sew and did sewing in her home until she lost the sight of one eye ten years ago.

The growth of Antioch has been a continuing wonderment to the lifelong resident. She remembers well her fathers' blacksmith shop, that stood on the present site of the Moose Lodge and her family home that occupied a lot at the location of the new grade school.

Mrs. Nelson went to school at the old grade school and still has fond memories of how thrilled she was when she could "take her lunch to school", although she lived just next door.

Mrs. Nelson, whose daughter reads her the paper, loves our special articles about activities forty, fifty and more years ago. She was "surprised and delighted" to see a small story about a trip she and her husband made to Denmark in 1927.

Although they had been married twenty-five years, this was the occasion of the honeymoon they hadn't had time to take before.

Sincere best wishes from all of the staff and family of the ANTIOCH NEWS.

Cong. Robert McClory, Lake Bluff, enjoys a new experience during a skiing vacation at Alta, Utah. He's in "deep powder" snow, and finds the different technique required to ski in this type snow an exhilarating experience. The McClory's ended a vacation at the resort late last week and are in Washington, D.C. now.

## McClory Returns To Second Session Of Congress

Congressman and Mrs. Robert McClory are back in Washington, D.C. this week following a skiing vacation during part of the Congressional recess in Alta, Utah.

The McClorys returned to Washington Thursday evening (Dec. 30) where the second session of the 92nd Congress will convene January 18.

The Congressman, an expert and avid skier, and his wife, Doris, enjoyed the experience of "deep powder" snow at the resort spot in the Wasatch National Forest, about 25 miles from Salt Lake City.

Rep. McClory said it was his first experience in such deep snow and enjoyed a lesson to learn how to adapt to the

specialized skill involved in the sport under deep-snow circumstances. Snow 10 feet deep was common in areas of the resort where the McClory's vacationed.

Congressman McClory represents the present 12th District and in the re-districting that takes effect for the 1972 elections, he will be a candidate in the new 13th District which includes parts of Lake, McHenry and Kane counties.

## Lions Hold Installation Dinner

The Antioch Lions Club held their installation of officers for the coming year at the Brave Bull on January 10, 1972 at 7:30 p.m. Robert Oakley, District 1F Governor of Lions International was the installing officer. Mr. Oakley told the Club that it was the largest one in his district and one of the finest.

The officers are: President GUS COSTOFF; 1st Vice President, RAY JENSSEN; 2nd Vice President, W. SHEPARD; 3rd Vice President, D. BUSHING; Past President, R. DANIEL; Treasurer, DON BLACKMAN; Secretary, R. GESKE; Lion Tamer, DON WALSH; Tail Twister, J. DOETSCH; Directors (1 yr.) ART MEIERDIRK and MIKE HALEY; Directors (2 yrs.) JIM BLOSS and CLIFF HOUGHTON; Program Chairmen E. STRINGER, P. HOULIHAN and S. RZYSKI.

## DECEASED

## MAN'S HOME

## BURGLARIZED

Thieves have no respect for the dead or their possessions. The Pharoahs found this out and so did Robert C. Urban.

His uncle, Jess Rowling of 289 Hazlewood, Antioch was less than a week in the grave when thieves broke into the home and made off with a colored television set and an electric lawnmower.

The robbery was committed on Tuesday, January 4th, five days after Mr. Rowling's death.

Urban was driving by his late uncle's home when he noticed the garage door slightly ajar. Upon investigation he found that someone had entered through the garage and then into the home.

While a complete inventory was not yet possible, the two articles were thought to be the only valuables taken.

## Radar Unit For Lake Villa

William F. Cellini, Illinois Secretary of Transportation, has announced the approval of a local highway safety project for Lake County providing for the purchase of a radar unit to be used by the Lake Villa Police Department.

The total cost of the project will be approximately \$1,900. One-half of the cost will be reimbursed to Lake County upon completion of the project from federal funds available to the State of Illinois under provisions of the Highway Safety Act of 1966, Cellini said.

The local project is one of

more than 750 county and municipal projects being conducted as part of the State Highway Safety Program. A number of projects are also being carried out by State agencies under the direction of Governor Richard B. Ogilvie to promote greater highway safety through advanced technology and training.

The state will soon begin a series of construction projects on non-interstate highways in Lake County costing \$8,284.00.

interest were received from fifty-eight (58) candidates and the qualifying written examination will be administered to these individuals beginning Friday, January 14 and continuing through Friday, February 4, 1972 at the Commission Office in the County Building, Waukegan, Illinois.

Commissioners William J. Bicket, Kenneth K. Hamsher and William H. Hoyerman, assisted by Commission Executive Secretary Dorothea W. Dorband, will conduct Promotional Examinations for the ranks of Sergeant and Lieutenant on Thursday, February 3, 1972. This examination will be administered to all qualified personnel of the Sheriff's Office who have indicated their desire to participate.

The slate of officers for the Commission was presented as follows: Kenneth K. Hamsher, President; William H. Hoyerman, Vice-President; and William J. Bicket, Secretary. The official election will be held at the next public meeting of the merit Commission.

## Civil Technology Program At CLC

Listed among the evening and Saturday classes offered by the College of Lake County for the Spring Semester, 1972, are three courses in Civil Technology.

All Civil Technology courses will be offered on the Grayslake Campus. part-time students interested in enrolling in the Civil Technology Curriculum, or in any of the numerous CLC Career Programs, should register on the Campus of the College of Lake County, the week of January 17th, from 6:00 to 9:00 p.m. Classes for the Second Semester begin the week of January 24th.

### PHYSICS COURSE

A one-semester physics course, designed primarily for non-science students with little or no previous background in physics or mathematics, will be offered by the College of Lake County during the 1972 spring semester. The four-credit hour class, Practical Aspects of Physics (PHY 120-001), will meet on the Grayslake campus at 9:50 a.m. on Monday, Wednesday, Thursday and Friday.

## Football Food

Only half the football action is on the field. The fans keep pace with the players with an endless parade of snacks. Here are a few recipes for a quick "In Front of the T.V. Super Bowl" meals or snacks. Try one or two of these recipes next Sunday, they'll help you win a place in the Hostess Hall of Fame.

### CHEESE KRISPIES

1/2 cup grated cheddar cheese  
1 tbsp. grated onion  
1 tsp. prepared mustard  
12 krispy crackers  
3 tbsps. butter, soft  
1 tsp. worchestershire sauce  
4 drops hot pepper sauce  
1 tsp. sesame seeds  
Blend first six ingredients. Spread on crackers. Sprinkle with sesame seeds. Broil until bubbly. Serve hot.

### CONEY ISLANDS

1 can solid lunch meat or cold ham ground  
Green pepper (optional)  
1 can tomato paste  
1 onion  
1/2 lb processed cheese  
16 hot dog buns  
Heat cheese and tomato paste over a low flame, stirring frequently. Add ground meat. Overall cooking time - 15 minutes. Spread the hot mixture generously on split, heated buns and serve. 16 Generous Servings. Any leftover sauce can be frozen for future use.

### BARBECUED FRANKFURTERS

1 med. onion  
2 tbsps butter  
2 tbsps vinegar  
2 tbsps brown sugar  
4 tbsps lemon juice  
1 cup catsup  
1/2 teas. mustard  
1/2 cup celery  
Salt  
1/2 cup water  
1 1/2 (12-15) frankfurters  
1 tbsp worchestershire sauce  
Brown onions in butter. Add rest of ingredients except frankfurters and cook slowly for 20 minutes. Prick skins of franks, put in sauce and let cook slowly until heated through and flavored.

### BARBECUED BEANS

1lb ground beef  
1/2 teas. salt  
1 can (1lb 12oz) pork and beans  
1tbsp worchestershire sauce  
1/4 teas. tabasco  
1/2 cup onion  
Pepper  
1/2 cup catsup  
2 tbsp. vinegar  
Brown beef - pour off fat. Add remaining ingredients, mix well. Pour into 1 1/2 quart casserole. Bake in 350 degree oven for 30 minutes. 6 servings.

### BONUS SUPPER

2 (10 3/4 oz.) can tomato soup  
1/4 cup chopped ripe olives  
1/2 teas salt  
8 hamburger buns, halved and toasted  
2 tbsp chopped pimentos  
1 (4 oz.) can sliced mushrooms  
8 hard-cooked eggs, sliced  
Combine tomato soup, pimento, olives and mushrooms in casserole dish. Heat over a medium heat for about 20 minutes. Arrange slices of 1 egg on each bun half. Sprinkle eggs with salt. Pour sauce over eggs and serve at once. 6 to 8 servings.

## Employment Survey Here

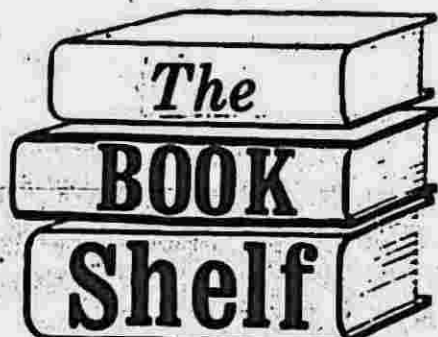

Information on employment and unemployment will be collected in this area by the Bureau of the Census during the week of January 17, Curtis T. Hill, Director of the Bureau's Data Collection Center in Chicago, announced today.

The sample of households in this area taking part in the survey are among 50,000 across the country scientifically selected to represent a cross section of all households in the Nation.

The survey is taken monthly by the Bureau for the U.S. Department of Labor. Statistics on conditions in the labor force, especially on the

unemployed, are prime indicators of economic conditions of the United States. For example, the Labor Department reported that the November survey showed there were 4.8 million unemployed persons. After allowance for the usual seasonal changes, this was 210,000 more than in October, with virtually all of the increase among young adults. However, the November survey also showed that employment continued at an all-time high, with 80 million persons employed.

All information about individuals and families provided the Bureau is held confidential by law and can be published only as statistical totals.

## Remember When ?

Remember when? We don't, but maybe some of you do. We know it's Antioch, but just when and where is another story. For the next few weeks we will publish a photo from a

time long past in hopes for some it might spark a fond memory.

If you should happen to know when and who, let us know! We would be very much interested. Also if any of you

have a very interesting "remember when" photo of Antioch and would like to share a memory with others, we will try to print it for you. The above photo is through the courtesy of Harold Gaston.

## Along the Way with *Annie Mae*

Can you really believe this is the middle of January? 40 degree weather is more like the spring time of the year. But, there's still February and March to go, so the kids will still get a chance to use sleds & skates. . . .

A new baby daughter was born on January 6 to MR AND MRS JAMES HALLWAS. Congrats!

ANDY JOHNSON is now officially a "father". He held his new son for the first time and declared - "He's so soft!" First pleasures!

Get well wishes to PEGGY HALEY and DR. L. V. MADDEN. Also hear that LLOYD MURRIE has been under the weather. Get well wishes go to JIM COIA who was hurt recently in a skiing accident.

"We're No. 1" was the words shouted Friday evening after the SEQUOIT CAGERS beat Lake Forest 76-56. COACH ANDREWS was beaming and shouting praises for all his boys. Keep up the

good work fellas. . . .

Happy Birthdays go to BARBARA ANO on January 12, KAREN SHEEHAN on January 15, and BOB (BUBBA) HUEBNER on January 16. A couple belated birthday wishes go to GEORGE PALASKE who celebrated on the 6th of Jan. and DAVID PALASKE who had his birthday on the 7th.

Sunday, January 9 - our Foreign Exchange Student, JULIO SANCHEZ was surprised with a birthday Open House in his honor. Hosting the gala event were his American family MR AND MRS RON RAU and family. Julio received many nice gifts, among them being a beautiful piece of luggage from the Raus, a much wanted camera from the adult AFS group and some teachers; a \$25.00 bond from the Student AFS group and a most interesting and beautiful tie tack in the shape of the state of Illinois with his birthstone imbedded where Antioch is, from the ROBERT JENSENS'. These people have really gone all out to make

Julio feel welcome!

### MARCH OF DIMES

Have your contribution for the March of Dimes ready on Sunday, January 23rd. A Woman's Club member will visit you!

A speedy recovery to Pres Reckers who entered Presbyterian St. Lukes Hospital in Chicago yesterday for surgery.

Be sure to stop in the State Bank on Saturday, January 15 between 9 and 12 noon and pick up some delicious home-baked goods - and also help the wrestling cheerleaders.

The Bake Sale is sponsored by the Wrestling boys mothers. Also if you are inclined - donations of baked goods or money will be most welcome from all!

See you in front of the goodies!

Annie Mae

### ANTIOCH

### PARENT-TEACHERS TO HOLD MEETING

The Parent-Teachers club of the Antioch Upper Grade School will hold their meeting on Monday, January 24 at 7:45 p.m. in the school cafeteria.

There will be a brief business meeting followed by a short program presented by the Mathematics department. Everyone is invited.

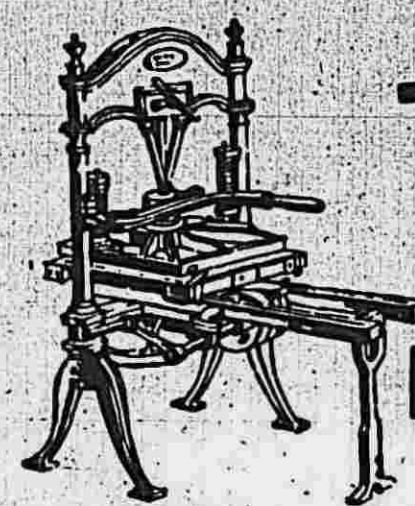

### RICHARD H. HANTKE PROMOTED TO MANAGER

Richard H. Hantke has been promoted to manager of inventory control and administration in the materials management division at Abbott Laboratories.

Hantke joined Abbott in 1965, and since then has been promoted to technical advisor, department manager and operations manager.

He holds bachelors' degrees in mechanical engineering and business administration from the University of Wisconsin, and has done graduate study in business administration.

Hantke, his wife and three children live at 925 Carney, Waukegan, Ill.

## The Time Machine

### 70 YEARS AGO - JANUARY 19, 1902

James Ryall, Seeber Burnett, and Earl Denbow rescued a man in trouble about 11 o'clock p.m. Saturday. He was coming home from Waukegan when he discovered he had mistaken Madison Street for Grand Avenue. When he tried to turn around his horse became frightened and plunged over the edge of the ravine. Neither the horse nor the man was seriously hurt.

### 50 YEARS AGO - JANUARY 12, 1922

"The Hickory Cemetery society will meet at the home of Mrs. Janette Wells Thursday, January 19th for dinner. Bring thimbles."

"Mr. and Mrs. W.H. Osmond and Mr. and Mrs. John Horan spent Sunday in Richmond."

School Note: Some of the plants in Mrs. Garland's room froze during vacation.

### 35 YEARS AGO - JANUARY 14, 1937

"Records of the Antioch township high school chapter of Future Farmers of America indicate that during November and December members exterminated 3,998 sparrows, 721 mice, 282 rats, 63 starlings and 93 crows. James Nielsen was the high point winner in the campaign with a catch of 882 sparrows, 10 mice, 26 rats, 11 starlings, and 3 crows."

"Mr. and Mrs. W.R. Williams and Mr. and Mrs. Will Banstable of Chetek, Wisconsin left Tuesday for Roseland, Florida, where they will spend the remaining winter months."

### 25 YEARS AGO - JANUARY 9, 1947

"Seven different displays, the results of hobby collections were made at Monday afternoon's meeting of the Antioch Woman's Club at the home of Mrs. Einar Peterson. Luncheon was served to 24 persons by the hostesses, Mrs. M. M. Stillson, Mrs. Elmo Edwards, Mrs. Thomas F. Hunt, Mrs. T. R. Birkhead and Mrs. Peterson."

"An outstanding social event of the year was the installation meeting of the Lions club Monday evening at the Pasadena Gardens. C.K. Anderson served as installing officer in placing Roman Vos, president and his staff of executives in office."

### 10 YEARS AGO - JANUARY 11, 1962

Giant cold front hits Antioch as the temperature submerges to -16. Postmaster Roy Kufalk, who takes the official Federal forecast for the Village of Antioch, stated that almost 13 inches of snow fell in the Antioch area since the storm's inception last Saturday.

"In a double ring service at the Antioch Methodist Church on Saturday morning, December 23rd, the Rev. Wallace Anderson performed the wedding ceremony uniting Miss Margo Ann Ott and Mr. John Reed Laude, U.S.N."

## STILL TIME TO REGISTER AT CLC

A. Harris Moeller, admissions director at the College of Lake County reminds students that although the telephone registration period is over, it is not too late to register for classes for the spring semester. "Any student, part-time or full-time, who was unable to register during the special, early registration periods and still desires to take courses this spring may register during the week of Jan. 17, CLC's general registration period."

"Although a large number of students participated in early registration, a good selection of classes, both credit and non-credit are still open," Moeller stated. Classes are not scheduled to begin until January 24.

New full-time students and full-time students unable to

register in the early registration may register on the CLC campus on Jan. 18 and 19 according to the schedule contained in the 1972 Spring Semester Schedule. New full-time students may begin the spring semester by completing an Application for Admission and providing a high school transcript. Students may obtain an unofficial transcript copy from their high school and bring directly to the college if time becomes a factor.

Moeller reminded students that "all tuition and fees are payable at registration. Students who desire additional information on courses, registration or admissions procedures are urged to call the Admissions Office of the college at 223-8193.

## BAKE SALE ON SATURDAY

On Saturday, January 15, the Wrestling Boys' Mothers will be sponsoring a bake sale from 9 a.m. to 12 noon at the Antioch State Bank.

This bake sale is for the benefit of the Wrestling Cheerleaders - to help defray the cost of their uniforms which they had to fully pay for.

This is the first year for the mothers organization and also for wrestling cheerleaders. Wrestling is becoming more popular both as a participating and spectator sport. As a result the wrestling boys mothers have made it possible for refreshments to be served at all home meets, and driving directions are handed out for all away meets. Mrs. Steve Wapon has directed and is in charge of the cheerleaders.

If you haven't been to a wrestling meet at the high school - try it sometime. You will find it a very fascinating sport and will sit with an enthusiastic crowd.

### GRUIDL RECEIVES

### HONORS AT E. I. U.

Albert Gruidl, son of Mr. and Mrs. Raymond Gruidl, of Antioch was one of 907 students at Eastern Illinois University to earn academic honors for fall quarter.

A grade point average of between 3.40 and 3.74 is necessary for honors and an average of between 3.75 and 4.0 for high honors.

Albert was one of 574 students who were awarded honors. 333 received high honors.

### AIRMAN

### JEFFREY J WEGNER

Airman Jeffrey J. Wegner, son of Mrs. Louise F. Wegner of 1108 Alma Circle, Round Lake, Ill., has completed his U.S. Air Force basic training at the Air Training Command's Lackland AFB, Texas. He has been assigned to Keesler AFB, Miss., for training in the air traffic control field. Airman Wegner is a 1971 graduate of American High School, Chicago. His father, Frank R. Wegner, resides on Rte 2, Antioch, Illinois.

### JAMES M. GRUBBS

Navy Petty Officer Third Class James M. Grubbs, husband of the former Miss Karen S. Swim of Route 1, Antioch, Ill., is a member of the commissioning crew of the Navy's newest destroyer escort, the USS Cook, which became part of the Navy during ceremonies at the Boston Naval Shipyard in Charlestown, Mass.

His ship, which will be homeported at Long Beach, Calif., is named after the late Navy Commander Wilmer P. Cook, who was killed in air action in Southeast Asia.

### John Mosiman To Give Program

#### NEXT WOMAN'S CLUB MEETING

The next regular meeting of the Antioch Woman's Club will be on January 17th. The program will feature Mr. John Mosiman with musical paintings. He paints with a background of orchestral recordings, lights and sound effects which he has developed.

Mr. Mosiman is from Elgin but has spent many years in South America. It was while in Ecuador that he developed this technique. His pictures are taken from plays, novels and scenic places from around the world.

Mr. Mosiman intended to teach Art upon returning to the United States but his programs created so much interest that he has continued with them. He has appeared from coast to coast and in 7 foreign countries. Every year he entertains at 200 conventions and various other programs.

### CYNTHIA CROSS ENGAGEMENT ANNOUNCED

Mr. and Mrs. Charles R. Cross of 760 Main Street, Antioch are happy to announce the engagement of their daughter, Cynthia, to Mr. Karl Jennrich. Karl is the son of Mr. and Mrs. Wilfred Jennrich of 1013 North Route 59, Lake Villa, Illinois.

Both Cynthia and Karl are 1968 graduates of Antioch Community High School.

Cynthia is currently employed at Talman Pontiac, Inc. in Libertyville. Karl, in his senior year at Monmouth College, will graduate in June.

A November wedding is being planned.

Helen Libert of Antioch Illinois will be married to Mr. A.J. Boynewicz of Waukegan Illinois at the Immaculate Conception Church in Waukegan on January 22nd at 3:00 P.M.

Miss Libert is Chief Executive P.B.X. Lake Forest Hospital and Treasurer for Lake County Main Society of Zion Illinois. Mr. Boynewicz is President of the Lake Main Society and Manager of Uptown Meat Sales.

## New Deductions

A little blue bundle was delivered to Sue and Andy Johnson. Matthew Aaron, their first child, was born on Tuesday, January 4th. The little guy tipped the scales at 6lbs. 2 oz.

Proud grandmothers are Mrs. Ruby Vos of Antioch and Mrs. Betty Jamison of Lake Forest Illinois.

A little pink bundle arrived at the home of Mr. and Mrs. James Hallwas on January 6th. Deanna Ruth, a wee little miss, weighed 5lbs. 13 oz. The Hallwas's have two other children, Renee, 3½ and David 18 months.

Maternal grandparents are Mr. & Mrs. Geo. Pahlke and the Paternal grandfather is Mr. Emil Hallwas.

### DONNA TRUAX ENGAGED

The engagement of Donna Truax and Robert Cotter who met at the University of Wisconsin - Stout Campus where both are students, is being announced by her parents, Mr. and Mrs. Donald Truax of Milburn.

Mr. Cotter, son of Mr. and Mrs. Roger Cotter of Waldo, Wisconsin gave Miss Truax his grandmother's engagement

ring, a family keepsake.

Mr. Cotter, a senior, is presently on a student teaching assignment at Sheboygan North High School in Sheboygan, Wisconsin. He will receive a BS degree in Industrial Arts Ed in May and Miss Truax, a junior is majoring in Home Economics.

No date has been set for the wedding.

### LaBARBERA - ANDERSON

Prince of Peace Catholic Church in Lake Villa was the setting for the marriage of Miss Carol LaBarbera, daughter of Mr. and Mrs. Joseph LaBarbera of Lake Villa to Mr. James T. Anderson, son of Mr. and Mrs. Roy Anderson of Lake Villa. Father Carolon performed the 4:00 P.M. ceremony.

The bride wore a white dress with a train and an all lace bodice. The petal headpiece was trimmed with beading and had a long veil. She carried a bouquet of white gladiolus and yellow roses.

The bridesmaids dresses were of ivory and orange chiffon and they carried

bouquets of white carnations and yellow roses.

Miss Deldre Linea was Maid of Honor and Mr. Phillip Anderson was the Best Man. Carol attended Prince of Peace Grade School and Carmel High School. She is now employed at Midwest Accounting Service.

James attended Gorin Grade School and graduated from Grant High School in 1963. He is now employed at the Zion Nuclear Power Plant.

A reception for 225 was held at the Elks in Waukegan. After a honeymoon trip to Florida, the couple will be at home in Wildwood, Illinois. (B-J-Rush Photo)

## SEQUOIT SMOKE Signals

It sure was hard to get in the groove again after vacation! Have to do it quick, though, semesters in a week and a half!

If you like to watch some wild basketball games you should visit the girl's gym on Mondays and Wednesdays after school. The G.A.A. has started their new season and I hear the captains have picked some good teams.

Speaking of basketball... Congratulations to those FIGHTING SEQUOITS who took over the number one spot in the conference this weekend! They defeated Lake Forest Friday night by a score of 76-56. They didn't do so good Saturday night however, Zion-Benton defeated us by about 10 points, but they tried hard.

The WRESTLERS did a great job this weekend too. They took care of Lake Forest and Irving Crown. Good work boys!

The members of FORENSICS are working hard getting their cuttings down just right. The eliminations for contest are at the end of the month.

The DRAMA CLUB members put on a performance for the PM & L members Sunday night. The first hour drama class put on two skits that they had adopted from children's books and the seventh hour class put on their version of the Emperor's New Clothes. Floyd Peterson made a critique of the plays afterwards. He commented

### EUGENE GRAY AT THE GEM AND MINERAL SOCIETY MEETING

Tuesday, January 18 at 7:30 p.m. is the monthly meeting of the Lake County Gem and Mineral Society. It will be held in the Waukegan Public Library Auditorium with Mr. Eugene Gray of Cambridge, Illinois giving an illustrated slide lecture on the 1971 Koster Expedition. Mr. Gray is a member of the Koster Research Staff for the Foundation for Illinois Archaeology.

Koster is the most unusual archaeological site in Illinois because of its stratification due to specific geologic events. It is located in the Illinois Valley on the Theodore Koster farm south of Eldred, Illinois.

It was first examined in 1968 and now each summer students work at the diggings for twelve weeks under the guidance of Northwestern University.

At least twelve cultures have existed at this site. Pottery fragments from the Jersey Bluff culture of 1000 A.D. were found on the surface. The eleventh level is dated 5000 B.C. The deepest digging is at 34½ feet. Each level is separated from another level with sterile soil.

The Lake County Gem and Mineral Society has contributed financially to help expeditions at this site and is happy to have this program available to the public.

that DONALD BARLOW, who played the emperor, had more guts than he did when he was in high school! Well, have a good week. Barb

### SOCIAL NOTES

by Del Jahneke

Two birthdays in the Bernard De Vries family were celebrated quite differently. Bernie, whose 39th (!?) birthday occurred December 29th, had a family birthday dinner party on Sunday, January 2nd, with the Dan Martin family from North Chicago, and the Robert Janunas' from Waukegan, as well as his "at home" family. Mrs. Martin and Mrs. Janunas are Bernie and Helen's married daughters. However, daughter Colleen had a slumber party to celebrate her 12th birthday on January 7th, with sister, Diana, Sue Kasik, Gail West, Margaret Bessette, Diane Walsh, Kay Westlund and Nancy Ford all joining in the festivities.

### BELATED HAPPY BIRTHDAYS!

Snowmobiling sounded like great fun to the Bernard Stadick's, so the New Year's weekend found them and

another couple skimming over a foot of glistening white snow, north of the Wisconsin Dells. Both couples keep their trailer homes in that vicinity, so they enjoyed all the comforts of home, after snowmobiling miles and miles!

The Lakeside Rebekah Lodge held their Installation of Officers on January 5th, at the Antioch American Legion Home. Mrs. Clarence Larson, was installed in her second term as Noble Grand; with Mrs. Charles Ferris as Vice Grand; Mrs. John Hagen, Recording Secretary; Mrs. Harold Ellis, Financial Secretary; Mrs. Walter Buchert, treasurer; Chaplain, Mrs. Frieda Werta; Mrs. Wayne Jones, conductor; Mrs. Ida Wysoglad, warden; Mrs. Earl Horton, inside guardian; Clarence Perkins, outside guardian; Right supporter to the Noble Grand, Mrs. Ralph Fields; left supporter to the Noble Grand, Mrs. Lillian Hand; right supporter to the Vice Grand, Mrs. Clarence Perkins; and the name of the left supporter to the Vice Grand will be announced at a later date. In addition to the Antioch members, there were nineteen Rebekah members present from Crystal Lake, Highland Park, Libertyville and

## Ampi Holds Annual Meeting At McHenry Country Club

The Lake-McHenry district of Associated Milk Producers, Inc. (AMPI) will hold its annual meeting Thursday, January 20, at the McHenry Country Club. Arthur Tyrell, McHenry County Sheriff, and E.V. Winings, director of member relations for the Mid-States Region of AMPI, will be the speakers.

This was announced by Charles P. Weingart, McHenry, district president, and Mrs.

Ferol M. Tomlinson, also of McHenry, secretary-treasurer of the district, who said that dinner will be served at 11:30 a.m.

Election of Officers and Delegates will take place at a business meeting following the dinner.

Around 315 dairy farmers residing in Lake and most of McHenry counties are members of the AMPI Lake-McHenry district.

Waukegan lodges. T'was a gala evening for all!

Get well wishes would be pleasant for Mrs. Anton Johnson, Channel Lake, to receive. She is now convalescing at home after a 12 day stay at Victory Memorial Hospital. She is WISHED A

### SPEEDY RECOVERY!

The Pat Cospers of Wheeling and the Don Schnoor's from Dolton enjoyed a delicious dinner at the Ray Rathmann home De. 30th. This was dining "family" style - Mrs. Cosper and Mrs. Schnoor are Eunice Rathmann's sisters.

## The Iron Kettle at Wilmot Mountain

It's no secret that most of us would rather learn by doing than by being told. I seem to fit squarely in that category.

Rather than give me a canned story for this column, the owners, John and Joni Stopa, presented me with the opportunity of trying their restaurant and making my own judgment.

I arrived just following a rather large power failure. Although there was of course some delay and inconvenience, the evening was one that I will long remember and that my taste buds will not soon forget.

The meal? Excellent. The service? Extremely good, considering the natural confusion of the power failure.

Arriving at the Iron Kettle the mood of the skiers outside and the warm, inviting surroundings did much to dispell the cold raw evening wind.

I began my evening at the Dram Shop. Although it was crowded there was no crush at the bar. The scotch I had was a pleasing blend and the quantity was very generous.

There was a three-piece band playing sounds that elicited participation. Some sang along, some danced - all had a lively, rousing time.

After a minimal wait, I was seated in the dining room, whose windows offered a pleasant panorama of the slopes and the excited skiers.

Surf and Turf (Lobster and Filet) was my choice and will do justice to the gourmet and the ravenous. The accompaniments salad and relish tray were good and remained so as I enjoyed a leisurely meal.

For dessert, I tried the Cheesecake and found it light, tangy and filling.

Throughout the dinner my waitress was very attentive, hospitable and helpful. As she was to all of the evenings guests, I'm sure.

To top the evening off, I returned to the lounge, attractive in it's use of wood, stained glass and leather, for a night cap. Again the mood was merry and smiles a plurality.

As I left, after thanking and justly praising my hosts, I stood outside and captured the mood and excitement of the slopes.

I heartily recommend the IRON KETTLE.

## American Legion Auxiliary News

The January 21st meeting of the junior members of the 10th District American Legion Auxiliary, will be followed with a slumber party afterwards, to be held at the Mundelein American Legion Home, with the meeting starting at 8:00 p.m. According to Mrs. Ray Rathmann, Antioch, district junior activities chairman, this party meeting is open to all Juniors in Lake County, regardless of whether they are members of an organized group or not. There will be a small fee for late snack treats, and breakfast the next day. Sleeping bags, records, transistors, etc., are all on the agenda.

Mrs. Rathmann reminds the Juniors that their Department Junior Conference will be held at an earlier date this year, April 30th, at the Holiday Inn East in Springfield. Therefore, those girls planning to enter any of the many contests available to them, must start work on their entries. Mrs. Rathmann points out that Junior members range in age from birth through 17 years of age. When a girl reaches her 18th birthday, she automatically becomes a senior member. Since there is such a wide age range, there are always two or three age categories for every contest.

Some of the contest competition are in the following programs - the Americanism picture book contest, entitled "Our Indian Heritage"; a group project under the children and youth program, regarding the American Indians, especially stressing correspondence between Indian children and Junior members; competition in junior publicity press books, unit and district Histories; poppy centerpieces, poppy corsages and poppy hats contests. There can also be entries for the "Little Miss Poppy" and "Junior Miss Poppy" of Illinois. The Department Chaplain has sent

the rules for the Junior's "Book of Prayers to all unit junior activities chairmen.

Kenya, Africa is the country to be studied and aided through the foreign relations program. A doll dressing contest, with the doll dressed in authentic native attire, made by the Junior; and essays written regarding the country and culture of Kenya are more contest material. Essays to be titled "Kenya - Land of Contrasts".

Along with the choral competition, in categories of trios, quartettes and choral ensembles, in which the Charvin Juniors Red Jacket Choir of North Chicago won both state and national honors last year; there will be handiwork and handicraft contests.

Junior members wishing to secure additional information or rules for any of these contests should contact local junior activities chairman. Mrs. Bernard De Vries is the Antioch unit chairman.

## Sequoit Suzies

The Sequoit Suzies held their January meeting at Leanne Buchta's home. Gail Olson gave an informative talk on vacuum cleaners for their electricity activity. At the end of her talk, Gail told all the girls to go home and have their parents check their vacuum cleaners. Allison Hevdejs told the girls about her trip to Washington, D.C. with other 4-H members. She showed slides and some postcards.

Wanda Springer, Chairman of Share-The-Fun, told the girls what this year's play would be. She read the play and announced that auditions would be in a few weeks. Share-The-Fun will be held sometime in April.

Next month's meeting is February 3rd at the Fire House.

subjects and another marijuana "joint" in a coat.

One purse contained 40 to 50 small white pills and one loose green capsule in a center zipper compartment.

The other two purses had in them one large green pill, a small yellow pill and several loose white pills.

A search of the kitchen yielded police a brown pipe from a cabinet and a strip of cellophane, containing 3 white capsules found in a drawer.

Continuing their search, police entered the basement and saw a water pipe sitting in plain view. A closer examination of the area uncovered a hypodermic syringe, two needles and yet another two pipes.

## PARTS OF SHOT GUN

Also found in the basement were the remnants of a 16 gauge shot gun. More precisely, a fifteen inch section of barrel and a ten and one half portion of the stock. The central mechanism could not be located.

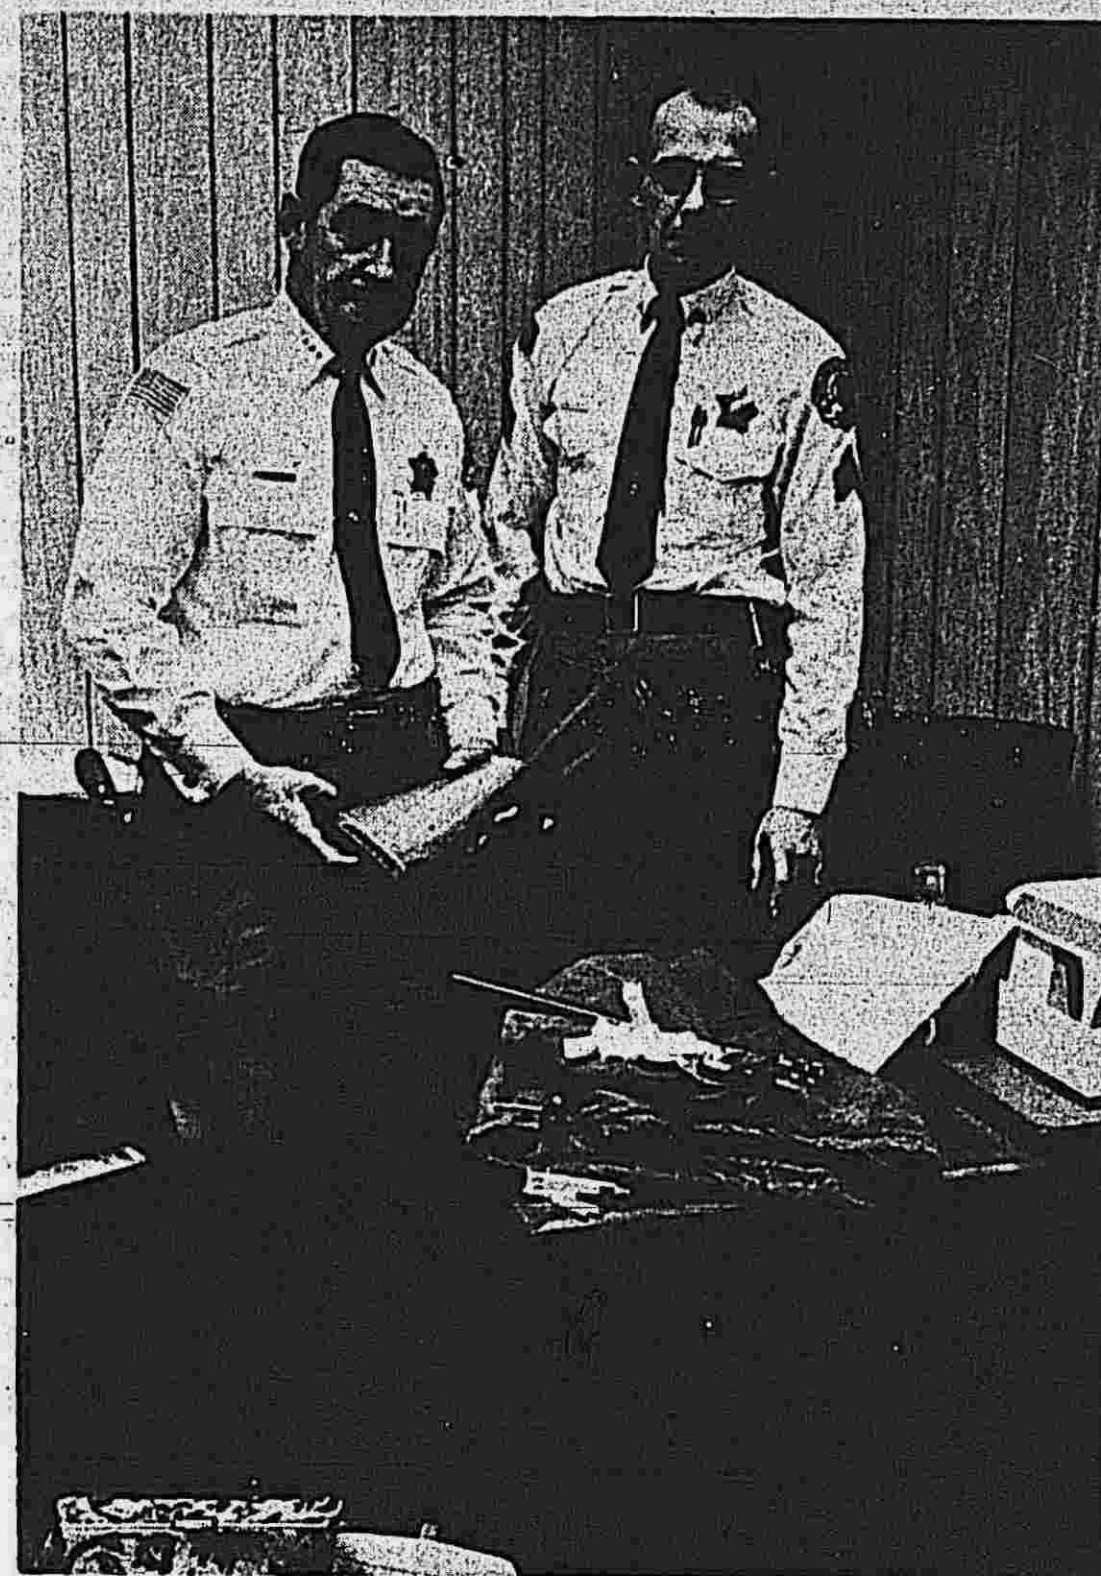

Discovery of these pieces led police to believe that the shotgun may have been converted into a sawed-off shotgun, or pistol and agents from the Federal Bureau of Investigation were contacted under provisions of the dangerous firearms act.

## THREE PERSONS CHARGED

As a result of the search and its exclusions, three persons (two juveniles) were charged with alleged possession of dangerous drugs. Two were charged

with possession of youth home. marijuana, syringe and needles, and were taken to the Lake County jail and not charged.

Two persons present at the time of the raid were not charged.

Chief Jack Davis (left) and Sgt. Elmer Pett examine portion of evidence taken from drug raid conducted Sunday. (staff photo)

## When Should A Man Have His Portrait Made?

There are at least five occasions in the life of every man which should be recorded with fine professional portraits.

Distinguished times which shape the character of a man and leave their marks on his physical appearance. Only fine professional portraits can capture such significant changes and record them for posterity:

1. When the "boy" becomes a man and he begins his life's work.
2. When he's made his mark in business, won his first promotion or taken a positive step upward on his own ladder of success.
3. When fellow citizens honor him through recognition of his leadership qualities or philanthropic acts.
4. When his children leave home to take their own places in the world.
5. When he reaches the "proud years," the realization of jobs well done.

These are times for portraits, to mark these significant events and tell the life of a man to future generations.

If you are approaching one of the milestones, arrange now—before it's too late—to have a fine professional portrait mark the occasion.

It's later than you think!

# Obituaries

**MRS. SARA "CURNEY" BENNETT**—94 years old of 309 Burden Street—Twin Lakes, Wisconsin passed away Saturday January 8th at the Burlington Memorial Hospital. She was born November 4, 1877 in Chicago, Illinois and moved to Lake Villa in 1939, then to Twin Lakes in 1967. She is a member of the Retired Teachers Association, a 71 year member of the Order of Eastern Star, and a member of the Millburn Chapter No. 570 Order of Eastern Star at Millburn, Ill. She had taught school for 31 years at the George H. Schneider Grade School in Chicago. She married Arthur E. Bennett on March 30, 1930 in Chicago and he had served as Lake Villa Supervisor from 1945 to 1952. She was preceded in death by two sisters and four brothers. She is survived by her husband, Arthur E. Bennett and one niece, Mrs. Irene Schjerven (St. Petersburg, Florida).

Funeral services will be held at 1:30 P.M. Tuesday at the Strang Funeral Home in Antioch, Ill. Rev. L. H. Messersmith of the Millburn Congregational Church will officiate. Interment will be in Ridgewood Cemetery at Des Plaines, Ill. Friends may call at the funeral home after 3:00 P.M. on Monday where the Millburn Chapter No. 570 Order of Eastern Star will hold a service at 8:00 P.M. Monday.

**MR. LYLE B. FAST**—71 years old of 201 Grass Lake Drive—Spring Grove, Ill. passed away Thursday, Jan. 6th at this home. He was born July 7, 1900 in Waukegan, Ill. and had resided at Zion before moving to Spring Grove 15 years ago. He had served in the U. S. Army during World War II. He had worked as an installer of Filling Station Equipment, and retired 10 years ago from this occupation. He married Madge Tordoff on Nov. 13, 1948. He was preceded in death by one brother, Earl Fast—one sister, Mrs. Mylbra Baskin and a daughter Mrs. Marciel Hansen on Feb. 1, 1971.

Survivors are his wife Madge—two daughters Mrs. Frances (Ellsworth) Peterson (Lockport, Ill.)—Mrs. Betty (Clyde) Wendt (Grayslake, Ill.)—10 grandchildren and 11 great grandchildren.

Funeral services will be held at 11:00 A.M. Saturday at the Strang Funeral Home in Antioch. Rev. Donald Cobb of the United Methodist Church will officiate. Interment will be in Warren Cemetery. Friends may call after 3:00 P.M. Friday at Strang's.

**MR. VIRGIL E. WALKER**—71 years old of Russell, Ill. passed away on Friday December 7th at Lake County General Hospital. He was born January 25, 1900 in Union City, Tennessee and had moved to Russell in 1945, and had been in the Lake County Home at Libertyville for the past year. He served in the U. S. Army during World War I, and had operated an automobile garage at Russell for several years.

He is survived by two daughters, Mrs. Wilma Ellis (Bowling Green, Ky.)—Miss Lynn Walker (Phoenix, Arizona)—two sons, Lewis and Charles Walker (both of Bowling Green, Ky.)—two sisters, Mrs. Myrtle Moore (Paducah, Ky.)—Mrs. Vera Harrington (Memphis, Tenn.)—and seven grandchildren.

Funeral services will be held at 2:30 P.M. Saturday at the Strang Funeral Home in Antioch. Rev. L. H. Messersmith of the Millburn Congregational Church will officiate. Interment will be in Mount Rest Cemetery near Russell, Ill.—Friends may call at the funeral home after 11:00 A.M. on Saturday.

**MRS. HELEN BIHLMEIER**—67 years old of Felters Subdivision near Antioch passed away on Tuesday Jan. 4, 1972 at Victory Memorial Hospital. She was born July 31, 1904 in Muglen, Germany and came to the United States in 1922 to reside in Chicago until moving to Antioch in June 1963. She married Karl Bihlmeier on May 4, 1929 in Chicago.

Survivors are her husband Karl Bihlmeier—1 daughter Mrs. Carol (Richard J.) Hedberg (Libertyville, Ill.)—1 brother Kurt Kirbach (in Germany)—2 sisters Mrs. Dora (Walter) Hynes (Chicago)—Miss Elfrieda Kirbach (Chicago)—and 4 grandchildren.

Funeral services will be held at 1:00 p.m. Thursday at the Strang Funeral Home in Antioch. Interment will be in Hillside Cemetery in Antioch. Friends may call at the Funeral Home after 3:00 P.M. Wednesday.

**MR. JOHN J. AXEN**—72 years old of 509 Grattan Road—Lake Villa, Ill. passed away Sunday, January 9th at his home. He was born May 4, 1899 in Lynn, Massachusetts and moved to Chicago, then to Lake Villa in 1962. He is a retired truck driver for the Karzen Trucking Co. in Chicago, and holds membership in the Chicago Truck Drivers Helpers, & Warehouse Workers Union, and also the Deep Lake Improvement Association.

He is survived by two sons, John A. Axen (Racine, Wis.)—Robert A. Axen (Trevor, Wis.)—one daughter, Mrs. James (Lorraine) Feierabend (Mundelein, Ill.)—one brother, Walter Axen (Chicago)—six grandchildren and two great grandchildren.

Funeral services will be held at 1:00 P.M. Wednesday at the Strang Funeral Home in Antioch. Rev. Harold I. Nelson of St. Mark Lutheran Church will officiate. Interment will be in Oakridge Cemetery in Chicago. Friends may call after 3:00 P.M. Tuesday at Strang's.

## PAUL J. FALDUTO ELECTED PRESIDENT OF LAKE COUNTY CONTRACTORS ASSOCIATION

Paul J. Falduto, Jr., 37, has been elected president of the Lake County Contractors Association. He succeeds Willard Shields, who retains his post as a Director of the Association. Falduto, vice president of the Gurnee-based Jenkins and Boller Company, Inc., general contractors, has been a Director of the association for several years, and his firm was one of the charter members of the association at its founding in the late 1940's.

Also elected were: 1st vice president - Fred Abdula, Air-Con Refrigeration &

Heating, Inc.; 2nd vice president - Arnold Pedersen, Arnold Pedersen Building Corporation; treasurer - Harold Rodbro, McKinney Steel Sales; and the following Directors: Jack Bolander, Eric Bolander Construction Company; Vic Schaefer, Woodand Construction; Joe Gausden, Enterprise Ready-Mix; and Allan Pickus, Pickus Construction.

Mr. Falduto holds a civil engineering degree from Marquette University and lives with his wife, Donna, and five children at 612 Downing Road in Libertyville.

### THE TRAVELING EXECUTIVE

Now that the Holidays have passed businessmen are busy traveling again. Most of their customers and colleagues were too busy or otherwise preoccupied to be seen during the Christmas season. Now the rush is on again and everyone is anxious to get a good start on the New Year.

What will this mean in terms of businessmen eating out? It will mean hotels, motels, and restaurants are again filled with business entertaining, or simply with businessmen eating alone as they rest from a busy day out of town.

It means that many of your husbands are on the eating-out routine again. So perhaps it's a good time to take a good look at how your husband eats when he's out of town. Have you ever checked?

### Does He Overeat

I hate to be a kill-joy. But many husbands undoubtedly overeat, both at home and on the road — especially on the road and on an expense account. And it's not necessarily their fault. If you are entertaining, or being entertained, it is difficult to be restrained if others insist on "living it up."

Trouble is, it ups the waistline; but good!

So, does your husband need to reduce? That's your starting point. If not, there's no need to

worry, unless, of course, you know for sure his diet is far from balanced. If that is the case you've got to get him on the four food groups, choosing a wide variety of foods from the meat group, the milk group, vegetables and fruits, and breads and cereals. But if his weight isn't a problem at least he's handling his calories okay.

### Motivation The Key

But for the husband who is overweight — you really must get him motivated to watch what he is eating, and particularly when he is out of town. It needn't be terribly difficult. But he's got to handle foods and alcohol with discretion. It is demoralizing to watch the average out-of-town businessman eat.

What is needed are more vegetables and fruits, less enormous servings of fatty meats and things like french fries. There is no substitute for a wide variety of fruits, vegetables, and then judicious selections of breads and cereals, protein foods such as meat, fish, poultry, eggs, and cheese. And your husband ought to drink milk for its calcium, vitamins, and contribution, too, to protein consumption. Tell him to watch overconsumption of rolls, large cuts of meat, baked potatoes. And easy on the desserts.

You want him healthy both on the road and when he comes home.

## Christian Science Churches

How is life actually sustained? This is a question to be examined Sunday at Christian Science church services.

"Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God," a passage from Matthew reads in the Bible Lesson-Sermon on "Life."

From Science and Health with Key to the Scriptures by Mary Baker Eddy, this citation will be read: "Whatever is governed by God, is never for an instant deprived of the light and might of intelligence and Life."

Services are conducted by Mrs. Evelyn Greer, First Reader, and Mrs. Mary Adams, Second Reader. Services begin at 11 a.m.. Everyone is invited to attend.

## NEW ILLINOIS CONSTITUTION EXPLAINED IN BOOK PUBLISHED BY NIU

Illinois' new state constitution is explained and analyzed in a slim paperback book just published by Northern Illinois University as an aid and reference guide for both students and the general public.

Governing Illinois under the 1970 Constitution describes the major features of the state's new charter in 10 essays by political scientists working under the direction of NIU's Center for Governmental Studies. The 60-Page volume is available for \$2 a copy by writing directly to the Center at NIU, DeKalb, Ill. 60115.

Editor of the volume is David R. Beam, a 29 year old Evanston native who taught at Waubesa Community College in Kane County and worked for the Glenview municipal government in Cook County before becoming program coordinator for the NIU Center in 1969.

Beam says the volume was edited with the intention that it serve "as a guide to those who find it difficult to fully comprehend the state's basic law from a reading of its text alone." The essays also describe the political setting in which the new charter was adopted and some of the alternative proposals considered at the Constitutional Convention in Springfield, he notes.

Among topics discussed are the reasons a new constitution was developed, its provisions for individual rights, representation, the executive, the judiciary, local government, revenue and finance, revision and the links between Illinois' historical development and contemporary social needs. A full text of the new

## Snowmobile Fever

# Ski Patrol

Those of us who's only experience with skiing has been the very, very late show, are convinced that all injured skiers are comforted by the arrival of an immense pooh with a small barrel of magic tonic. If you have thought further (and I admit I haven't) you may begin to wonder how the racked up skier gets back to the lodge, meets an inn keeper's daughter and is last seen going over the hill with the blond via the chair lift.

Try to pack up your illusions and misconceptions. The tough and often thankless job of routine patrol and assistance to injured skiers is performed by members of the National Ski Patrol.

The National Ski Patrol is a non-profit and totally voluntary organization.

The primary responsibility of all patrolmen is the proper rescue, first aid treatment and transportation of injured skiers.

The National Ski Patrol was organized on a national basis 34 years ago by Charles Dole, who was seriously injured while skiing. A similar accident claimed the life of a close friend and gave the impetus for the creation of this rescue group.

There are two groups of National Ski Patrol volunteers working at local area ski resorts. One is based at Holiday Park in Ingleside and the other is at Wilmot Mountain in Trevor Wisconsin.

There are several classifications of volunteers including: apprentices, junior patrolmen, senior patrolment and auxiliary. Any and all of

these categories may contain women. (Editor's note: I am not a chauvinist!)

In fact, the auxiliary, often thought of as being comprised of only women, does contain some male volunteers. Auxiliary members staff the first aid station and devote many long hours to study and preparation. Auxiliary members must have passed the National Ski Patrol System first aid test.

Following this initial step auxiliary candidates must pass a written and practical first aid test, before they are admitted as members of the auxiliary.

Young people interested in becoming candidates for the Junior Patrol may apply when they are 15.

Successful candidates from 16 - 18 who have passed the NSPS junior tests assist adult members in the local Ski Patrol area.

At age 19 junior members are eligible to become Senior Patrolmen if they can pass the difficult tests.

Each applicant must take an "on the hill" practical test to qualify. They must be able to maneuver a weighted toboggan (which later could contain an accident victim) down the slope, under many difficult conditions, in a manner which would safely and speedily get a victim to proper medical facilities.

Candidates for Senior Patrolment must be able to ski the most advanced slope in a strong and competent manner, as well as be able to perform well on any terrain or in any weather condition.

Training is indeed rigorous

Mrs. Marge Warner, member of Wilmot crew of National Ski Patrol demonstrates procedure for transporting injured skier using another member of the patrol as the "victim." (staff photo)

with a special price put on endurance. Volunteers must have special stamina to be able to transport injured skiers long distances.

Even after winning their credentials as Senior Patrolmen, every one must, prior to each ski season, complete an eight hour American Red Cross Advanced First Aid Refresher Course.

During the season, they must also complete a four hour practical refresher course in toboggan handling and ski ability.

However, lest you think that all of their time is spent in strenuous training, there is also time to enjoy the sport that drew them to the Ski Patrol.

Patrol members are allowed to use the facilities of both resorts (Holiday Park and Wilmot Mountain) for skiing gratis.

However, more often than not any personal pleasure must be put off to safeguard the good of the skiing public.

While visiting Wilmot mountain, I observed a couple of victims that had sprained ankles and sustained other minor injuries. With the huge volume of business that these slopes do, accidents are to be expected.

But members of the Ski Patrol don't take their responsibilities lightly. They were at the victims side ready

to assist and offer first aid (which, fortunately wasn't needed) in a matter of one and a half or two minutes.

While none of us will ski any better, at least our minds will be at ease knowing the rust colored parka of the Ski Patrol is close at hand.

Those volunteering their services at Wilmot from the Antioch area are: Dr. Alan Thain and Dr. Edward Abderholden (Medical Advisors) Fran Walpole, Marge Warner, Delores Abderholden, Angela Maras (Patrolwomen) Dick Tobias (Patrolman), Terry Tobias, John Thain and Mark Maras (Junior Patrol) and Barbby Tobias (Auxiliary).

## Hockey Program at Hastings "Y"

While eager young hockey fans await the cold weather, it was announced that the Hastings Y.M.C.A. is soon to begin a program of instruction for local boys.

According to Hank Bessler, "Y" Director and Don Walsh, member of the Hastings Board, the aim of the program is to provide a safe, supervised setting for a basic introduction to the sport often termed the "fastest" in the world.

Bessler stated that this was not an attempt to teach the highly technical aspects of the game, such as speed skating or checking, but a means of introducing young boys to the fundamentals and rules of this fast growing sport.

The project will consist of

two programs each intended to bring the boys along at their level on competition.

The first phase will feature iceless hockey for boys from grades 5 and below. The boys

will provide their own tennis shoes and play on a gym-type floor. Sticks and pucks, especially designed not to injure young players, along with goal equipment will be provided by the Hastings "Y".

The boys will be grouped into six teams of ten to twelve players and will play for ten weeks on Friday nights from 6:30 to 8:30. There will be a \$5.00 registration fee. The boys will play at the Oakland Grade School Friday evening.

The second phase of the

program will feature ice hockey at the Hastings Y.M.C.A. for boys in grades 6 through 8. The boys will play for ten weeks on Sundays from 2:00 p.m. to 4:00 p.m. Because of space limitations the size of the six teams will be held at around 10 boys each.

Boys will provide their own equipment and are required for safety to have a helmet, chin and mouth guards and leg guards. The Hastings "Y" will provide goalie equipment and nets. There will be a \$10.00 fee for the ten week course.

Registration forms for the

Con't. On Page 15

# Snowmobiles: Family Recreation

Snowmobiles, like many other issues, has few casual fans and opponents. If you find time to talk with each group you will notice a dedicated zeal on both sides.

Snowmobiles, because of their incredible growth in sales have made their mark on areas of the north. The leisure fun that many enjoy has been assailed by some as "loud, raucous and destructive."

It is becoming an American institution of late to oppose rather than support. A strange form of this group identity has also risen to challenge the snowmobile.

In order to get some background on the story, I talked with Mr. John Moulis owner, along with his brothers, of Fox Lake Harbor. I posed several pointed questions to him.

## LITTLE REAL DIFFERENCE

"I see little real difference between the charges made against snowmobiles and those against cars. In both cases any problems that arise develop as

a result of the owner and not the machine," he said.

"When people talk about the noise made by snowmobiles, they conveniently overlook the fact that those snowmobiles that are loud have been altered by their owners. It is an individual choice. The owners change the exhaust system much like car owners put on different mufflers to make their car louder and get more attention.

Dick Jensen, a representative for Polaris snowmobiles, commented on the noise situation. "The snowmobile industry is working heavily on noise pollution," he stated. "With improvements the snowmobiles will be come quieter every year."

Moulis noted that most of the charges leveled against the snowmobile are not actually against the average owner, but that fringe of people "that grab the headlines by their abuses."

John stated that the snowmobile was designed as a vehicle that could run when snow conditions would

paralyze a community. "When people saw the recreational potential of the snowmobile, it blossomed."

## NOT JUST RACING

"Currently, many people think of the snowmobile only in terms of the races and derbys that draw large crowds," he said. "While we have a great racing team here at Fox Lake Harbor and have won more than our share of races and trophies there is an aspect of snowmobiling that the public often ignores."

"The snowmobile is basically a recreational type vehicle. The fun and excitement a family can have with it are boundless."

"Over the holidays many adults leave the kids at home with a babysitter and set off for 14 parties. They may go out and have a great time and if they're lucky, they won't run into the guy that had three too many on the way home," he stated. "While I'm not putting down holiday parties, I think that there's a better way."

"Due to a lack of snow here, my family and I went north for a real family vacation. We went near CRIVITZ, Wisconsin with our gear and snowmobiles."

## TOGETHERNESS

"While we were there we did everything together on our snowmobiles. We went to the store, visited, had a weenie roast and just did everything on snowmobiles."

He said that people were more open, friendly and considerate. It was different, he stated on a snowmobile than in a car. People weren't closed up, airtight in their own little world. "They had quite a bit of new snow there and about the only people moving were on snowmobiles. Everyone seemed happy and more willing to stop and talk."

He added that people "who had gotten stuck in their cars would suddenly be surrounded by snowmobilers, all trying to

pitch in and give them a hand."

## ESCAPE "HUSTLE BUSTLE"

"The vacation was great for me. I had a chance to get away from the hustle-bustle with my family and rediscover the pleasures I was missing."

John said that "snowmobiling recreation is definitely growing and being wanted in the Mid-West." He added that there were approximately 25,000 snowmobiles in use in Illinois, and then just the northern quarter and about 130,000 in Wisconsin. "With this many vehicles in use the percentages will show that 99.9% of the owners are decent, responsible people. Yet the one tenth that abuses other peoples rights will get the publicity. That's something I'd like to see you print."

Our sincere sympathy to the John Moulis family following the tragic fire at their home over the week-end.

## Maximum Drivers To Start in Eagle River Derby

The Eagle River World's Championship Snowmobile Derby, now in its eighth year and rated "number one" by drivers will be held from January 19th through the 23rd.

More drivers than ever before are expected in the qualification rounds of the world's championship feature match. A maximum of 100 may make the qualification attempt. General Chairman Red Dobbe, of the sponsoring

Eagle River Lions Club stated that this is the first year the maximum number will be met.

Qualifying rounds begin on January 19th and continue on the 20th with quarter and semi-finals scheduled during race weekend on January 22nd. 48 drivers out of the anticipated 100 will qualify in the first round for the January 22nd quarters and semis. The first round qualifications are run on Eagle River's three tracks: oval, speed-obstacle and drag. Quarters, semis and finals

are run on the oval only.

Out of this semi-final field, nine drivers will qualify for the world champion feature race, scheduled for Sunday, January 23rd at 3 p.m. The 1971 champion, Mike Trapp of Woodruff, Wisconsin draws a bye and automatically qualifies as the 10th driver in the world's finale. All ten drivers will receive specially engraved awards for reaching the finals and will be competing for an anticipated \$7,500 in prize money, plus the Argosy Magazine and Dorfmann Enterprises trophies.

The sponsoring Eagle River Lions Club has posted a guaranteed \$20,000 in cash prizes for the races. In addition, Miller Brewing Company and Champagne Bucket and regular trophies will be awarded in the men's classes. Milwaukee Sentinel trophies go to the women champs. There will also be junior division trophies.

The newest addition to facilities at the Derby will be closed circuit T.V. with instant

replay.

The races have been known for innovations throughout their eight year history. In addition to the closed circuit hook-up, swivel, instead of fixed position cameras will be used to follow the exciting race action.

Red Dobbe and Jim Sargeant, co-chairmen of the large event, stated that Concord Communications System of Milwaukee is setting up the closed circuit instant replay system. The public attending the race will be able to see the action while warming up at shelter areas and the concession stands at the Pleasure Island Race site. Furthermore motor and mobile home dwellers who park their vehicles at the race for the entire weekend can have the closed circuit replay wired to their own or private T.V. sets.

The entry deadline for all stock and modified snowmobile classes in men's, women's and junior divisions is Monday, January 17th. The same deadline applies to drivers wishing to qualify for the feature race match.

Male participants waiting for the "big ones" at Sunday's ice fishing derby held on the north end of Channel lake. (staff photo)

STUDS MAKE WINTER DRIVING EASIER, SAYS

TIRE INDUSTRY SAFETY COUNCIL

Motorists with stopping problems during tricky winter weather too often have them solved by trees and other cars. Smart drivers solve the problem by buying safety studded tires in states where they are permitted.

The Tire Industry Safety Council reports stopping ability for a car traveling at 20 miles per hour on glare ice at 25 degrees is conservatively improved by as much as 19 percent when studded tires are on the rear. Safety studded tires on all four wheels show a 31 per cent improvement.

"Safety studded snow tires

definitely make a major contribution to increased highway safety during hazardous winter driving conditions."

Studded tires are presently legal in most states with the only exceptions being Minnesota, Louisiana, Mississippi and Hawaii.

The Council advises, however, studs should be installed only in tires designated for studding, and studs should be installed only by a tire dealer, service station or garage.

Also, the U. S. Department

of Transportation cautions against the use of "overstudded" tires, that is tires with more than 150 studs. This precaution is principally applicable to imported studded tires in as much as the construction of U. S. tires generally limits them to less than 150 stud holes.

Tires should be studded only when they are new—before they have been run on the road. Once tires have been used, dirt and foreign matter work their way into stud holes and can result in improper seating of the studs.

# Neilsen Racing Team Looks for More Snow

Snowmobile racing is challenging and exciting to the rider and also a thrill for fans to watch. However, what few people take into account is that those racing today makes possible the improvements of tomorrow.

The team of racers that compete for Nielsen Enterprises have probably given the Arctic Cat people enough facts and figures to ponder over for a few seasons.

Nielsen currently has eight riders vying for trophies and prize money at races in several states.

Ted Nielsen, a partner in Nielsen Enterprises, rides in Mod 2 and 3 at various races.

Fred Nielsen, co-owner, rides a 290 EXT in Mod 1 and a 440 EXT, three cylinder machine in Mod 3.

Denny Peterson of Peterson's Sand and Gravel of Libertyville races a 399 EXT in "D" stock.

John Anderle, a plumber from Lake Villa also competes with a 399 EXT in "D" stock.

John Warlin, at 17 the youngest of the racers, from Libertyville rides a two cylinder 440 EXT.

Jim Crichton, 18 and head mechanic for Nielsen Enterprises, runs a 292 EXT in "B" stock and Mod 2.

Larry Martin, a plumber from Lake Villa rides a 250 EXT in

"A" stock and Mod "D".

John Reimer of Caledonia, Wisconsin who drives stock cars in warmer weather at Wilnot race track and is their current champion races the "big cat" a three cylinder, 650 EXT in Mod 4.

Be it noted that Nielsen's is not a club, but a competition race team. Each man is responsible for his own machine and must see that it is kept in top-line shape.

In their first season of competition, last year the team competed at Twin Lakes, Breezy Lawn Farms, Spring Grove, Apple Orchard, Wauconda and entered three machines in the three day World Snowmobile Championship Derby at Eagle River, Wisconsin. The men also entered numerous other races in Northern Wisconsin.

As a result of their driving skill and the care they took in readying their machines, each member of the team walked away with at least one trophy, if not more.

So far in this snow score season, the Nielsen team has entered a number of races.

The crew represented the

Lakeland J.C.'s at Twin Lakes, Wisconsin, taking home three to four loving cups.

Last Sunday at Elkhorn, Wisconsin the group represented the Delevan J.C.'s and did extremely well.

Denny Peterson ran in several classes and almost made a clean sweep. He was first in "D" and "E" stock and second overall.

John Anderle won Mod 3, while Jim Crichton was victorious in Mod 1. Fred Nielsen came close and walked away with second place, right behind his partner Jim in Mod 1.

To even out the day, Fred Peterson won Mod 2, with John Warlin coming in second.

The team is anxiously looking forward to a little more snow so they can continue on their winning ways.

THE COLDEST SPOT ON EARTH IS VOSTOK, ANTARCTICA, WHERE, IN 1960, A TEMPERATURE OF -127° F WAS RECORDED.

# THE STRANGE CREATURE

There's a new type of creature emerging on earth, I'll describe him to you for whatever it's worth. He comes out of hiding in winter, I'm told. He rejoices in weather that's terribly cold.

He leaves the warm fireside, his wife and his kids, Climbs onto a motor, a belt, and two skids. The machine comes to life, he is ready to go — But wait — he can't!! There isn't any snow!!

For the past eighteen days, he's been wearing his suit, Which is covered with zippers from parka to boots, And mittens, and helmet, and mask on his head, "My, my, says his wife, "Must you wear that to bed??"

Then it finally happens, the ground has turned white. He's on his machine and he roars out of sight. On the flat, he'll crouch down, on a corner he'll lean, And they tell me his blood is like pure gasoline.

Over hill, over river, through marsh and round trees. Over rockpile and sand pit, down on his knees! He looks like he's praying as onward he flies. Is it a monster or man? All we see are the eyes!!

He'll go charging ahead when it's twenty below, Into a blizzard of on rushing snow. By what demon possessed is this new breed of man, Who finds joy in a snowstorm like no human can?

But what happens in summer when snow is not there? Is he out on the porch in an old rocking chair? No — he's inside the house for the whole world to see Sitting there on his snowmobile, watching T.V.

## Snowmobile Rules

The following rules and regulations apply to all areas and facilities owned or leased by the Department where the use of snowmobiles is permitted.

### IT IS UNLAWFUL:

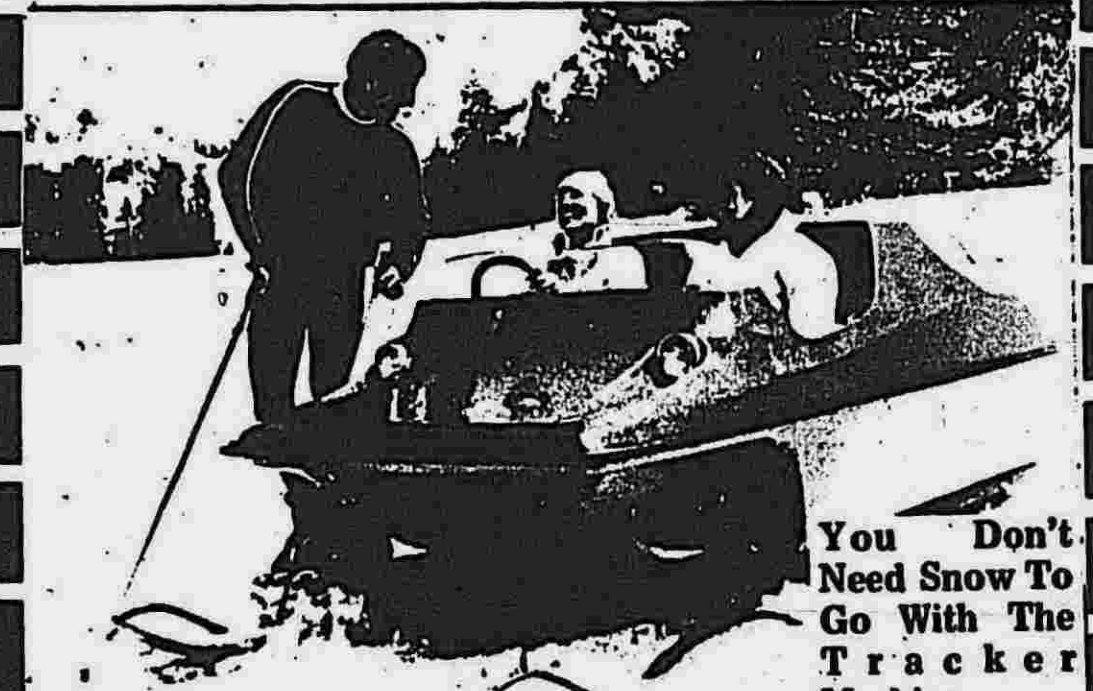

1. For any person to enter any snowmobile trail without first registering each day the responsible user or owner at the designated registration station.
2. For any person to operate any snowmobile in or on any portion of a park or recreation area other than trails or areas designated for snowmobile use.
3. For any person to operate any snowmobile in any portion of a designated nature preserve area.
4. For any person to operate any snowmobile in any portion of a park or recreation area managed by the Department of Conservation when such park or area has been closed to public use.
5. For any person to operate any snowmobile upon the frozen surface of any waters in a park or recreation area not specifically designated for such use by sign or marker indicating that snowmobiles may be operated upon the frozen surface of said waters.
6. For any person to operate any snowmobile in any portion of a park or recreation area with less than four inches of snow cover.
7. For any person to have or carry any firearm, air gun, or bow and arrow in or on any snowmobile unless such firearm or air gun is unloaded and enclosed in a case, or such bow is unstrung.
8. For any person to hunt any bird or animal by the use of or from any snowmobile.
9. For any person to operate any snowmobile at a rate of speed too fast for conditions.
10. For any person to operate any snowmobile in a careless, reckless or negligent manner.
11. For any person operating any snowmobile to cross any other trail, street, road or highway unless first coming to a complete stop.
12. For any person to operate any snowmobile while under the influence of intoxicating beverages or narcotics or dangerous drugs.
13. For any person to operate any snowmobile between the hours of sunset and sunrise without at least one lighted headlamp and one lighted trail lamp.

Persons convicted of violating any of the rules and regulations established by this Order shall, for each offense, be punished by a fine of not less than \$25.00 nor more than \$100.00, or by imprisonment for not more than three (3) months, or by both fine and imprisonment.

Marked Snowmobile trails are maintained in the following state parks: Kickapoo, west of Danville in Vermillion County; Hennepin Canal Parkway, in Rock Island, Whiteside, Henry and Bureau Counties, between Rock Island and Hennepin; Mississippi Palisades, north of Savanna in Carroll County; Illinois Beach, near Zion in Lake County; Chain O'Lakes, in Lake and McHenry Counties; Rock Cut, north of Rockford; Silver Springs, in Kendall County; Kankakee River, between Wilmington and Kankakee in Will and Kankakee counties; Starved Rock, south of Ottawa in LaSalle County.

In the future, as money becomes available, areas adjacent to parks will be leased for snowmobiling.

#### MONDAY NIGHT TAVERN JANUARY 10, 1972

Sam's Old Hickory Inn, paced by Earl Hogan 211-(577) won a pair from The Village Inn of Twin Lakes. The Village Inn with Paul Heath leading 210-(554) rolled the League high for the evening on games of 964-833-922-(2719).

The Limerick Lounge, brought in their sixth man mighty, Jack O'Malley 185-(510) to help them win two games from the A & J Bar of Camp Lake, and move them into first place. Gene Kannin 211-(572) for A & J. The Village Pub (Antioch) with Les Palmer 187-189-198-(574) leading, tumbled Kempf's Resort out of first place, by winning three games. Pete Lehman 182-(547) on Kempf's.

Harry Pavel, 210-(571) helped Open Door Tavern to win three from Lemar's Tavern. George Miller 164-(483) for Lemar's.

Bob Ortegat 227-(588) paced Bruce and Kay's to three nice wins over Ed Gresham 178-(458) and The Arbor Team.

The Red Arrow Tavern, with Bob Hughes 197-(531) leading, won three games from The Angels Restaurant Lounge. Jim Page 186-(490) for The Angels.

Mark Andrews gets off shot against Lake Forest. The sophomore scored 21 points in the decisive conference game won by the Sequoits 76-56. (staff photo)

#### LOTUS CAGERS WIN THRILLER IN LAST 10 SECONDS

Last Wednesday in the basketball game against Lotus, the spectators were all on the edges of their seats. The score was tied for the last 10 seconds, when Pat Mullins, a seventh grader, put one in from under the basket, to give us the winning points.

As far as scoring goes, Scott Nohava was the high scorer

with 10 points. Mike Vaughn, and Grant Jorgensen were next with 7. Rich Bailey, Ken Bloom, and John Geiger each brought in 3. Pat Mullins had 2, but these two points were the game savers. He came in when Rich Bailey and Grant Jorgensen fouled out in the fourth quarter. However Grant played a good game going against the 6' 2" center from Lotus. Also, Grant and Rich

were the top rebounders.

With the combined efforts and good playing of the whole team, we came out on top. With the final score 35 to 33. We play Spring Grove this Thursday at home.

The new scoreboard which was purchased by the 1969, 1970 and 1971 graduating classes and the Grass Lake P.T.A. was dedicated before the game.

### State Health Officials Warn Of Major Polio Problem

Health officials have warned of "a definite possibility of a major polio problem in Illinois in the near future."

"The appearance of low immunization levels in pre-school children and the presence of isolated polio virus in Illinois indicate an immediate urgency to immunize all pre-schoolers and to protect the rest of the population with a booster dose of trivalent vaccine," Dr. Franklin D. Yoder, director of the Illinois Department of Public Health, announced.

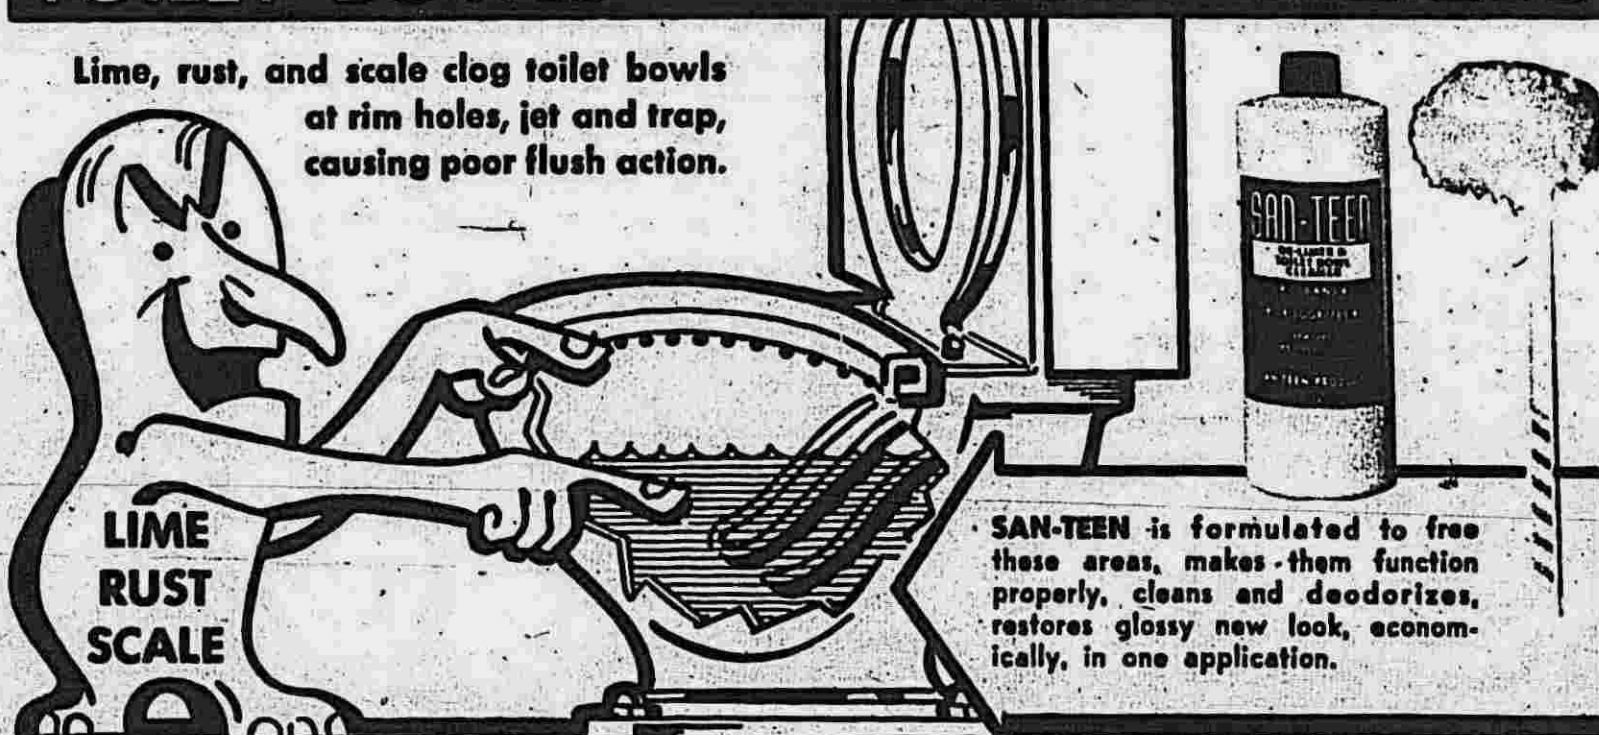

He said the State Immunization Project reported that blood survey studies in the state show that as little as 18 per cent of the pre-school population is immunized against polio. It also reported that many people did not receive the correct immunization, and are therefore not protected against polio.

Dr. Yoder urged the parents of all Illinois residents up to the age of 18 to check with their physicians immediately to determine the status of their children's immunizations.

## Antioch Wrestlers Have Winning Weekend

The varsity wrestling match with Lake Forest on Friday night was a close, exciting meet, with the score being tied after the 185 weight class at 24-24. Tom Rayniak returned to the line up after a 3 weeks absence and won 3-1 to keep Antioch 4-0 in conference league.

98-Roberts pinned in 4:30; 105-Bode won by forfeit; 112-Larson pinned in 2:48; 119-Dyer won 8-0; 126-Meyers put up a good fight but lost 10-13; 132-Severson lost; 138-Shaffer won 1-0 in a close battle; 145-Feldman lost; 155-Olsen lost by default due to shoulder injury; 167-Lipman lost; 185-Staples lost; and HWT-Rayniak won 3-1 making

the final score 27-24

On Saturday the wrestling teams traveled to Irving Crown for a non-conference meet. 98-Roberts pinned his man and thus is Antioch's leading pinner with 5 pins chalked up to his name. He pinned his man in 1:52; 105-Bode, with a 10-2-1 record won another forfeit; 112-Larson, with a 11-1 record won 3-2; 119-Dyer lost; 126-Cook pinned his man 3:12; 132-Thain won 7-0; 138-Severson won 6-2; 145-Shaffer won 10-5; 155-Feldman drew 2-2; 167-Banwart lost; 185-Staples lost; and HWT-Rayniak with a record of 8-0 drew a forfeit for this match.

## Frosh Matmen Continue Unbeaten Season

Antioch High School's fighting freshmen wrestlers added two more victim's to their victory string this past weekend. The wins enabled the Sequoits to run their record to 9 wins 0 losses and 1 tie, and also remain undefeated in the N.W.S.C.

In the Lake Forest match, Terry Lear and Tom Kost led the attack - with both gaining falls over their opponents. At 112 pounds, Scott Shaffer lost a tough 7-6 decision when the Lake Forest wrestler scored with less than 20 seconds left in the match. At 126 pounds, Joe Riedlinger also lost a heart-breaker by a score of 3-2.

On Saturday afternoon the Sequoits were without the services of Jim January and Rick Coari, and still managed to up-end a strong Irving Crown team. The Irving Crown freshmen had 10 wins and only 1 loss coming into the Antioch match. The Sequoits jumped to a 28-3 advantage, and then

held on for a narrow 34-27 victory.

This Friday the Frosh Matmen travel to Grayslake for a 6:45 P.M. showdown for first place and Saturday at 1:00 p.m. entertain Barrington High School.

98-Kost pinned 4:46; 105-Kisner won 7-0; 112-Shaffer lost; 119-Lear pinned 1:09; 126-Riedlinger lost; 132-Olsen won 8-4; 138-Jones lost; 145-Haras lost; 155-Morgan won 8-5; 167-Eastman won 6-0; 185-Johnston & HWT-Coari won by forfeit. Final score Antioch 36 - Lake Forest 15.

Saturday's individual scores were: 98-Kost won 6-3; 105-Kisner won 8-1; 112-Shaffer won 15-2; 119-Lear lost; 126-Riedlinger pinned 3:43; 132-Olsen pinned 3:40; 138-Jones pinned 5:50; 145-Haras lost; 155-Morgan lost; 167-Eastman lost; 185-Johnston won by forfeit; HWT-Weber lost. Final score Antioch 34 - Irving Crown 27.

### ST PETER'S 6th GRADE TEAM WINS AGAIN

On January 6, St Peter's School played against St. Joseph the Worker of Wheeling team.

The mighty 6th graders under the careful coaching of Fred Walpole defeated the strong Wheeling team by a score of 20-19. Tom Huebner was high scorer for St. Peter with 14 points. This was the 1st loss for the Wheeling team this year.

The 7th grade team also won in a very tight game with a score of 27-23.

The tables were turned for the St. Peter's 8th graders, as they fell to defeat 48-12. Enough said!

On January 9th the St. Peter's teams traveled to Wauconda to play the transfiguration teams.

24-9 was the final score, with the St. Peter team on top. This team is 1st in the Catholic league. Keep up the good work.

A close game was played by the 7th grade, but they came out losing 30-27. Joe Cermak was high scorer for St. Peter with 13 points.

The 8th graders played a hard fought game but our St. Peter boys came out on top by a score of 33-25. Chris Boarini was high with 12 points. Nice work!

The next game will be on Jan 16, at 1 p.m. Vs St. Joseph of Libertyville at Libertyville.

## wrestling

Sophomore Sequoit Dave Rush has his Lake Forest opponent in a pin hold. He later took full control and pinned for the victory. (staff photo)

## Soph Wrestlers Move Closer to Conference Title

Antioch's Sophomore wrestling team extended their record to 8 wins and 1 loss by defeating Lake Forest and Irving Crown this past weekend. The team is now 4-0 in conference and has not lost since their opening match with Mundelein.

The coaching staff feels that this is probably the strongest sophomore team the high school has had in quite some time. They are the defending conference champions and are a definite threat to repeat their record.

This year's team consists of Phil Edwards at 98 pounds with a record of 11-0; Dennis Thain at 105 lb. with a 6-3 record; 112 lb. Dirk Dietz has a

record of 8-4; 119 lb. Bob Sweatman has a 8-2 record; Dave Rush at 126 has a 6-3 record; John Meyers at 132 has an 8-0 record; Mark Mohar at 132 & 138 lbs has a 3-6 record; Dan Stout at 138 has a 2-1-1 record; Mike Beasley at 145 lbs. has a 6-6 record; Larry Yopp at 155 lbs has a 1-5 record; Steve Coles at 155 has a 3-1 record; Bill Beese at 167 lbs has an 11-1 record; Bill Armstrong at 185 has an 8-1 and Glen Nixon HWT has a 9-3 record.

The object of this event is to earn money to help towards

the expenses involved in

transportation to compete

against teams in Aurora, Elgin,

Joliet, Kankakee, Naperville

and others. Also to purchase

team swim suits as well as

towards an Awards Banquet

held at the end of the season.

The Antioch area swimmers

range in age from 7 to 15 years

old. Each one will be trying to

swim as many miles as they can

during this time. It takes 88

lengths of the pool to total one

mile. Last year there were

eleven Antioch members who

totaled 108 miles or 9,504

pool lengths.

The children are looking for

people to sponsor them by

pledging any amount of money

for each mile they will swim or

any set donation. If anyone is

interested in helping these

swimmers please call 395-1580

or 395-1377. Any support you

give will be greatly appreciated.

There will be 21 young Antioch swimmers taking part in a 48 hour Swim-A-Thon as members of the Waukegan Y.M.C.A. Swim Team. The swim will take place in Waukegan starting 6:00 P.M. Friday Jan. 21st till 6:00 P.M. Sunday Jan. 23rd.

The object of this event is to earn money to help towards the expenses involved in transportation to compete against teams in Aurora, Elgin, Joliet, Kankakee, Naperville and others. Also to purchase team swim suits as well as towards an Awards Banquet held at the end of the season.

conference action against Grayslake this Friday at Grayslake. Their sophs are also undefeated in conference and this is a MUST win for Antioch.

So far this season the Antioch Sophs are averaging 40 points a match and are giving up only an average of 16 points per match.

Bill Beese leads the team with 9 pins and along with the rest of the team appears to be a definite conference title contender.

The sophomores are coached by Mr. Bruce Bartosz.

## Sequoits Split over Weekend

Fresh from marginal successes at the Rockford Holiday Tourney the Sequoits took on two power-house teams and in light of what could have happened, come out with an encouraging draw.

In the first contest the Sequoits traveled near the shores of chilly Lake Michigan to engage the Lake Forest Scouts.

### "REALLY BIG ONE"

Now, the Scouts were 4-0 in the conference and this game had been billed as a "really big one". However, when the dust had settled the Lake Forest team had been run off their own court and the Sequoits stood alone at the conference pinnacle with an unblemished 5-0 mark.

After the usual early game prelims, the Sequoits grabbed a lead that grew as the socks on the Scouts wilted.

In the words of the Lake Forest announcer it was "that Andrews kid" that did the evil deed.

### MARK DOES TURN ABOUT

Mark, who in the past has looked to pass more often than shoot, did a turn about and went to the bucket with

greater frequency and success.

He had been overaging about six shots and as many points a game. However, in the quartet of games in Rockford, he seemed to gain confidence in his shooting and aggressiveness on defense. He overaged in double figures during the four game standoff.

Yet, in Friday's game, the son of Sequoit coach, Roger Andrews, hit on 10 of 14 jumpers and with a freethrow garnered 21 points.

### STANDING OVATION

As he left the floor with the Sequoits ahead by around 30, the fickle fans who had been calling for his scalp, rose in unison for a standing ovation.

While special tribute is due Mark, few, if any teams can win with only one scorer. All of the Sequoits contributed to this well-earned 76-56 triumph and deserve a "tip of the cap". The quartet of Jeff Williams, Fred Popp, Pat Michalak and Tim Mieure did a superb job on defense and scored with enough regularity to allow the silent men with blisters where they don't want them, to come in and mop up.

### FINALE A FLOP

The weekend finale wasn't

as kind as the start. The Sequoits lost to non-conference rival Zion Benton 79-70 while at home.

Coach Roger Andrews stated that Zion-Benton was a "strong, fine ball club. Anyone that looses to them shouldn't feel guilty."

As in the Lake Forest game the Sequoits had four men in double figures. Pat Michalak had 22 to lead all scores, followed close behind by Tim Mieure and Jeff Williams with 16, Mark Andrews with 12 and Fred Popp with 4.

### HEIGHT MAKES RIGHT

The Zee-Bees had the edge in height and made it count, getting 34 rebounds as compared to the Sequoits with 25.

The Sequoits played a steady, rugged game and had the Zee-Bees on the ropes several times. Antioch was ahead by five on numerous occasions, but couldn't make the kill.

### COLD SPELL

The game finally boiled down to the last minute and a half. With the score 72-68 in favor of Zion-Benton the Sequoits hit a cold spell that

Ken Tell, high for the rebound, outjumps Scout opponents for the ball in Friday's big win. (staff photo)

lasted until Jeff Williams sank two free throws just before the gun.

This being a non-conference game, the Sequoit five is still on top of the conference with a 5-0 mark. They are 11-5 overall.

The Sequoits face Grayslake and Wauconda over the weekend. Neither team is really headed anywhere, but could cause trouble. Antioch must keep the adrenelin flowing and remain "psyched-up" through the weekend or suffer their first conference loss.

### ANDREWS ARENA?

Friday's game with Grayslake will be in what is comically referred to as Andrews Arena (that's home, sport fans) with Saturday away.

The second year Sequoits will begin the action at 6:45 P.M. for both contests.
